Description of the Need for the Information and Proposed Use: HUD requires Housing Agencies (HAs) to obtain certificates of insurance from contractors and subcontractors involved in construction work under either the development of a new public housing project or the modernization of an existing project. The certificates of insurance provide evidence that workers' compensation and general liability, automobile liability insurance, is in force before any construction work is started. HAs use the certificates of insurance to determine that the required insurance is in force before any construction work is started.

Members of Affected Public: State or Local Government. Estimation of the Total Number of Hours Needed to Prepare the Information Collection Including Number of Respondents, Frequency of Response, and Hours of Response: 3,426 respondents, 12 responses per respondent, .5 hour average per response, 20,556 total reporting burden hours.
