Medicare Program; Changes to the Hospital Inpatient Prospective Payment Systems and Fiscal Year 1997 Rates; Corrections

AGENCY: Health Care Financing Administration (HCFA), HHS.

ACTION: Final rule; correction.

SUMMARY: In the August 30, 1996 issue of the Federal Register (61 FR 46166), we published a final rule revising the Medicare hospital inpatient prospective payment systems for operating costs and capital-related costs to implement

necessary changes arising from our continuing experience with the system. In the addendum to that final rule, we announced the amounts and factors for determining prospective payment rates for Medicare hospital inpatient services for operating costs and capital-related costs applicable to discharges occurring on or after October 1, 1996, and set forth rate-of-increase limits for hospitals and hospital units excluded from the prospective payment systems. This document corrects errors made in that document.

EFFECTIVE DATE: October 1, 1996.

FOR FURTHER INFORMATION CONTACT: Stephen Phillips, (410) 786-4548.

SUPPLEMENTARY INFORMATION: In publishing Table 3C of the Addendum to the August 30, 1996 final rule (61 FR 46166), we inadvertently failed to incorporate a number of wage data revisions that had been transmitted to the Hospital Cost Report Information System (HCRIS) before mid-August 1996 as part of the process for verifying wage data. This document corrects the published average hourly wages for affected hospitals. Also, in the final rule, we indicated that if a hospital believes its wage index value was incorrect as a result of an intermediary or HCFA error that the hospital could not have known about before reviewing data made available in mid-August, the hospital must notify the intermediary and HCFA in writing, to be received no later than September 16, 1996 (see 61 FR 46179). As a result of this process, we have corrected the wage data for seven hospitals. Accordingly, the wage index values for several areas have changed and are corrected in this document.

The August 30, 1996 final rule also contained other technical and typographical errors. Therefore, we are making the following corrections to the final rule:
