FEDERAL COMMUNICATIONS COMMISSION**Notice of Public Information Collections Being Reviewed by the Federal Communications Commission**

December 17, 1996.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following information collection, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimate; (c) ways to enhance the quality, utility, and clarify of the information collected; and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

DATES: Persons wishing to comment on this information collection should submit comments on or before February 21, 1997.

ADDRESSES: Direct all comments to Dorothy Conway, Federal Communications Commission, Room 234, 1919 M St., NW., Washington, DC 20554 or via internet to dconway@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information or copies of the information collections contact Dorothy Conway at 202-418-0217 or via internet at dconway@fcc.gov.

SUPPLEMENTARY INFORMATION:
OMB Approval No.: None.

Title: Universal Service Worksheet.
Form No.: FCC 457.

Type of Review: New collection.

Respondents: Businesses or others for profit, including small businesses.

Number of Respondents: 5,000.

Estimate Hour Per Response: 19.6 hours (avg.).

Total Annual Burden: 98,125.

Estimated Costs To Respondents: \$3,824,750.

Needs and Uses: Section 254(d) of the Communications Act of 1934, as amended, requires all telecommunications carriers that provide interstate telecommunications services to make equitable and nondiscriminatory contributions towards the preservation and advancement of universal service. The Worksheet requires all carriers to submit information relating to their gross interstate and intrastate revenues derived from telecommunications services and their payments to other telecommunications carriers for telecommunications services to the administrator of the support mechanism. Carriers may be required to submit the gross combined interstate and intrastate information or information related to their gross interstate telecommunications revenues only, and their payments to other carriers for combined interstate and intrastate telecommunications services and for interstate telecommunications services only. The information will be used by the Commission to calculate carriers' contributions to the universal service support mechanism. Without such information the Commission could not determine carrier contributions to the support mechanism, and therefore, could not fulfill its statutory responsibilities in accordance with the Communications Act of 1934, as amended.

Federal Communications Commission.

Public Information Collections Approved by Office of Management and Budget

December 16, 1996.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

OMB Control No.: 3060-0719.

Expiration Date: 12/31/99.

Title: Quarterly Report of IntraLATA Carriers Listing Payphone Automatic Number Identifications (ANIs).

Form No.: N/A.

Estimated Annual Burden: 5600 total annual hours; 3.5 hours per respondent (avg.); 400 respondents.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Description: Pursuant to the mandate in Section 276(b)(1)(A) to "establish a per call compensation plan to ensure that all payphone service providers are fairly compensated for each and every completed intrastate and interstate call", 47 U.S.C. Section 276(b)(1)(A), intraLATA carriers are required to provide to interexchange carriers ("IXCs") a quarterly report listing payphone automatic payphone identifications ("ANIs"). Without provision of this report, resolution of disputed ANIs would be rendered very difficult. IXCs would not be able to discern which ANIs pertain to payphones and therefore would not be able to ascertain which dial-around calls were originated by payphones for compensation purposes. There would be no way to guard against possible fraud. Without this collection, lengthy investigations would be necessary to verify claims. The report allows IXCs to determine which dial-around calls are made from payphones. The data, which must be maintained for at least 18 months after the close of a compensation period, will facilitate verification if disputed ANIs.

OMB Control No.: 3060-0721.

Expiration Date: 12/31/99.

Title: One-Time Report of Local Exchange Companies of Cost Accounting Studies.

Form No.: N/A.

Estimated Annual Burden: 20,000 total annual hours; 50 hours per respondent (avg.); 400 respondents.
