FEDERAL TRADE COMMISSION**16 CFR Part 300****Rules and Regulations Under the Wool
Products Labeling Act****AGENCY:** Federal Trade Commission.**ACTION:** Notice of proposed rulemaking.

SUMMARY: The Federal Trade Commission (Commission or FTC) has completed its regulatory review of the Rules and Regulations under the Wool Products Labeling Act (Wool Rules). Pursuant to that review the Commission concludes that the Wool Rules continue to be valuable to both consumers and firms. The regulatory review comments suggested various substantive amendments to the Wool Rules. The Commission has considered these proposals and other proposals that it believes merit further inquiry. The Commission seeks comment on whether it should amend the Wool Rules to: Allow the listing of generic fiber names for fibers that have a functional significance and are present in the amount of less than 5% of the total fiber weight of a wool product, without requiring disclosure of the functional significance of the fiber, as presently required by Wool Rule 3(b); eliminate the requirement of Wool Rule 10(a) that the front side of a cloth label, which is sewn to the product so that both sides of the label are readily accessible to the prospective purchaser, bear the wording "Fiber Content on Reverse Side" when the fiber content disclosure is listed on the reverse side of the label; allow for a system of shared information for manufacturer, importer, or other marketer identification among the North American Free Trade Agreement (NAFTA) countries; add a provision to Wool Rule 4 specifying that a Commission registered identification number (RN) will be subject to cancellation if, after a change in the material information contained on the RN application, a new application that reflects current business information is not promptly submitted; allow the use of abbreviations for generic fiber names; and allow the use of abbreviations and symbols in country of origin labeling. The Commission also seeks comment on the possible need to expand the fiber content disclosure requirement in Wool Rule 19 to include specialty fibers other than the hair or fleece of the angora or cashmere goat.

DATES: Written comments will be accepted until January 22, 1997.

ADDRESSES: Comments should be submitted to: Office of the Secretary, Federal Trade Commission, Room H-

159, Sixth Street and Pennsylvania Avenue, NW, Washington, DC 20580. Submissions should be identified as "Rules and Regulations under the Wool Act, 16 CFR Part 300—Comment." If possible, submit comments both in writing and on a personal computer diskette in Word Perfect or other word processing format (to assist in processing, please identify the format and version used). Written comments should be submitted, when feasible and not burdensome, in five copies.

SUPPLEMENTARY INFORMATION:

I. Background Information

The Wool Products Labeling Act of 1939 (Wool Act), 15 U.S.C. 68, requires marketers of covered wool products to mark each product with (1) the generic names and percentages by weight of the constituent fibers present in the product; (2) the name under which the manufacturer or other responsible company does business, or in lieu thereof, the RN issued to the company by the Commission; and (3) the name of the country where the product was processed or manufactured. The Wool Act also contains advertising and recordkeeping provisions. Pursuant to Section 6(a) of the Act, 15 U.S.C. 68d, the Commission has issued implementing regulations, the Wool Rules, which are found at 16 CFR Part 300.

As part of the Commission's ongoing regulatory review of all its rules, regulations, and guides, on May 6, 1994, the Commission published a Federal Register notice (FRN), 59 FR 23645, seeking public comment on the Wool Rules. That same day a similar FRN was published, 59 FR 23646, seeking public comment on the Textile Rules, which are required by the Textile Fiber Products Identification Act.¹ Though not identical, the Wool Rules and the

A Notice of Proposed Rulemaking seeking comment on proposed changes to the Textiles Rules was published earlier this year, 61 FR 5340 (February 12, 1996). The comment period closed on May 13, 1996, and Commission staff members are currently analyzing the submissions. Most of the proposals discussed in this Notice with regard to the Wool Rules parallel similar proposals advanced with regard to the Textile Rules.
