Documents Containing Reporting or Recordkeeping Requirements: Notice of Pending Submittal to the Office of Management and Budget (OMB) for Review

AGENCY: U.S. Nuclear Regulatory Commission (NRC).

ACTION: Notice of pending NRC action to submit an information collection request to OMB and solicitation of public comment.

SUMMARY: The NRC is preparing a submittal to OMB for review of continued approval of information collections under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35).

Information pertaining to the requirement to be submitted:

1. The title of the information collection: Applicant Self-Assessment, NRC Form 563.

2. Current OMB approval number: 3150-0177.

3. How often the collection is required: The Applicant Self-Assessment will be requested from basically qualified external applicants applying for engineering and scientific positions at the time their initial application is received in the NRC's Office of Personnel.

4. Who will be required or asked to report: Basically qualified external applicants applying for engineering and scientific positions with the NRC.

5. The number of annual respondents: 1,500.

6. The number of hours needed annually to complete the requirement or request: 125 hours (five minutes per response).

7. Abstract: The Applicant Self-Assessment will be used to collect uniform information from external applicants as to which technical specialties they possess that are unique to the needs of the NRC. This information will be reviewed by Office of Personnel staff and used to match applicants' technical specialties with those required by selecting officials when an engineering or scientific vacancy position is to be filled.

Submit, by February 25, 1997, comments that address the following questions:

1. Is the proposed collection of information necessary for the NRC to properly perform its functions? Does the information have practical utility?

2. Is the burden estimate accurate?

3. Is there a way to enhance the quality, utility, and clarity of the information to be collected?

4. How can the burden of the information collection be minimized, including the use of automated collection techniques or other forms of information technology?
