Department to use a daily exchange rate in order to convert foreign currencies into U.S. dollars, unless the daily rate involves a “fluctuation.” In accordance with the Department’s practice, we have determined that a fluctuation exists when the daily exchange rate differs from a benchmark by 2.25 percent. See, e.g., Certain Stainless Steel Wire Rods from France: Preliminary Results of Antidumping Duty Administrative Review (61 FR 58915, 58918—March 6, 1996). The benchmark is defined as the rolling average of rates for the past 40 business days. When we determined a fluctuation existed, we substituted the benchmark for the daily rate. However, for the preliminary results we have not determined that a fluctuation exists, and we have not substituted the benchmark for the daily rate.

As a result of this review, we preliminarily determine that the following weighted-average dumping margins exist:

Cash Deposit

The following deposit requirements will be effective upon completion of the final results of this administrative review for all shipments of circular welded non-alloy steel pipe and tube from Mexico entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a) of the Tariff Act: (1) The cash deposit rate for each respondent will be the rate established in the final results of this administrative review; (2) exporters not covered in this review, but covered in the LTFV investigation, the cash deposit rate will continue to be the company-specific rate published from the LTFV investigation; (3) if the exporter is not a firm covered in this review, or the original LTFV, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 32.62 percent, the “all others” rate made effective by the LTFV investigations. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR §353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary’s presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. §1675(a)(1)) and 19 CFR §353.22.

Pure Magnesium From the People’s Republic of China: Notice of Initiation of New Shipper Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) has received a request to conduct a new shipper administrative review of the antidumping duty order on pure magnesium from the People’s Republic of China (PRC), which has a May anniversary date. In accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended, and 19 CFR 353.22(h) (1995) of our Interim Regulations, we are initiating this new shipper administrative review.

EFFECTIVE DATE: December 30, 1996.

FOR FURTHER INFORMATION CONTACT: Thomas O. Barlow or Kris Campbell, Antidumping/Countervailing Duty Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230. Telephone: (202) 482–0410 or 482–4733, respectively.

SUPPLEMENTARY INFORMATION: Background

The Department has received a timely request from Taiyuan Heavy Machinery Import and Export Corporation (Taiyuan), in accordance with section 751(a)(2)(B) of the Tariff Act of 1930, as amended, (the Act) and 19 CFR 353.22(h) of the Department’s Interim Regulations (60 FR 25130, 25134 (May 11, 1995)) (Interim Regulations), for a new shipper administrative review of the antidumping duty order on pure magnesium from the PRC (60 FR 25691 (May 12, 1995)). Because the calendar month in which the anniversary of the date of publication of this order is May, the semi-annual anniversary months are May and November.

Initiation of New Shipper Administrative Review

In its request, Taiyuan certified that it did not export the subject merchandise to the United States during the period of investigation (POI) (April 1, 1993 through March 31, 1994) and that it is not affiliated with any exporter or producer who exported the subject merchandise to the United States during the POI. Accompanying its request, Taiyuan provided certifications which indicate the date the merchandise was first entered for consumption in the United States, that it is not affiliated with any other company, and that it did not under its current or a former name export the subject merchandise to the United States during the POI. Therefore, in accordance with section 751(a)(2)(B)(i) of the Act and 19 CFR 353.22(h) (1) and (6), we are initiating a new shipper review of the antidumping duty order on pure magnesium from the PRC.

Further, in its request Taiyuan certified that its export activities are not controlled by the government of the PRC.
or any other government entity. However, it is the Department’s practice with non-market economies (NMEs) to require information regarding de jure and de facto government control over a company’s export activities to establish its eligibility for an antidumping duty rate separate from the country-wide rate. Accordingly, we will issue a separate-rates questionnaire to Taiyuan and seek additional information from the government of the PRC, as appropriate.

If the responses from Taiyuan and the government of the PRC adequately demonstrate that Taiyuan is not subject to de jure and de facto government control with respect to its exports of pure magnesium, the review will proceed. If, on the other hand, the responses do not demonstrate Taiyuan’s eligibility for a separate rate, Taiyuan will be deemed to be affiliated with other companies that exported during the POI which did not establish their entitlement to a separate rate and we will terminate the new shipper review.

If this review proceeds normally, we will issue the preliminary results of this review not later than 180 days from the date on which this review is initiated and the final results within 90 days after issuance of the preliminary results, unless these time limits are extended in accordance with section 751(a)(2)(B)(iv) of the Act and section 353.22(h)(7)(ii) of the Interim Regulations.

We will instruct the U.S. Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the merchandise exported by the above listed company, in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 353.22(h)(4)(1995).

Interested parties must submit applications for disclosure under administrative protective order in accordance with section 353.34(b) of the Department’s regulations (19 CFR 353.34(b)(1995)). This initiation and this notice are in accordance with section 751(a)(2)(B) of the Act (19 U.S.C. 1675(a)(2)(B)) and section 353.22(h) of the Interim Regulations.

Dated: December 17, 1996.

Barbara R. Stafford,
Deputy Assistant Secretary, Antidumping/Countervailing Duty Enforcement.

Certain Welded Carbon Steel Standard Pipes and Tubes From India; Extension of Time Limits of New Shippers Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limits of new shippers review.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the preliminary results in the new shippers review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India, covering the period May 1, 1995, through April 31, 1996, because the Department has concluded that the review is extraordinarily complicated.

EFFECTIVE DATE: December 30, 1996.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce has received requests to conduct a new shippers review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India. On June 27, 1996, the Department initiated this new shippers review covering the period May 1, 1995, through April 31, 1996, in accordance with 751(a)(2)(B) of the Act of 1930, as amended (the Act). The Department has initiated a sales-below-cost investigation of the respondents in this review. We would not be able to complete this sales-below-cost investigation and incorporate that analysis in the margin calculations for our preliminary results of review within the deadline contained in section 751(a)(2)(B)(iv) of the Act. For this reason, we conclude that this new shippers review is extraordinarily complicated (see Memorandum from Laurie Parkhill to Barbara R. Stafford, Recommendation to Extend New Shippers Review Schedule, December 19, 1996). Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, the Department is extending the time limit for completing the preliminary results of review until April 23, 1997.

This extension is in accordance with section 751(a)(2)(B)(iv) of the Act.

Dated: December 19, 1996.

Barbara R. Stafford,
Deputy Assistant Secretary of AD/CVD Enforcement.
