

or any other government entity. However, it is the Department's practice with non-market economies (NMEs) to require information regarding *de jure* and *de facto* government control over a company's export activities to establish its eligibility for an antidumping duty rate separate from the country-wide rate. Accordingly, we will issue a separate-rates questionnaire to Taiyuan and seek additional information from the government of the PRC, as appropriate.

If the responses from Taiyuan and the government of the PRC adequately demonstrate that Taiyuan is not subject to *de jure* and *de facto* government control with respect to its exports of pure magnesium, the review will proceed. If, on the other hand, the responses do not demonstrate Taiyuan's eligibility for a separate rate, Taiyuan will be deemed to be affiliated with other companies that exported during the POI which did not establish their

entitlement to a separate rate and we will terminate the new shipper review. If this review proceeds normally, we will issue the preliminary results of this review not later than 180 days from the date on which this review is initiated and the final results within 90 days after issuance of the preliminary results, unless these time limits are extended in accordance with section 751(a)(2)(B)(iv) of the Act and section 353.22(h)(7)(ii) of the Interim Regulations.

| Antidumping duty proceeding | Period to be reviewed |
|---|-----------------------|
| Pure Magnesium: People's Republic of China: A-570-832; Taiyuan Heavy Machinery Import and Export Corporation | 12/01/95-11/30/96 |

We will instruct the U.S. Customs Service to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the merchandise exported by the above listed company, in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 353.22(h)(4)(1995).

Interested parties must submit applications for disclosure under administrative protective order in accordance with section 353.34(b) of the Department's regulations (19 CFR 353.34(b)(1995)).

This initiation and this notice are in accordance with section 751(a)(2)(B) of the Act (19 U.S.C. 1675(a)(2)(B)) and section 353.22(h) of the Interim Regulations.

Certain Welded Carbon Steel Standard Pipes and Tubes From India; Extension of Time Limits of New Shippers Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of extension of time limits of new shippers review.

SUMMARY: The Department of Commerce (the Department) is extending the time limit for the preliminary results in the new shippers review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India, covering the period May 1, 1995, through April 31, 1996, because the

Department has concluded that the review is extraordinarily complicated.

EFFECTIVE DATE: December 30, 1996.

FOR FURTHER INFORMATION CONTACT: Davina Hashmi, Office of Antidumping/Countervailing Duty Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-5760.

SUPPLEMENTARY INFORMATION:

Background

The Department of Commerce has received requests to conduct a new shippers review of the antidumping duty order on certain welded carbon steel standard pipes and tubes from India. On June 27, 1996, the Department initiated this new shippers review covering the period May 1, 1995, through April 31, 1996, in accordance with 751(a)(2)(B) of the Tariff Act of 1930, as amended (the Act). The Department has initiated a sales-below-cost investigation of the respondents in this review. We would not be able to complete this sales-below-cost investigation and incorporate that analysis in the margin calculations for our preliminary results of review within the deadline contained in section 751(a)(2)(B)(iv) of the Act. For this reason, we conclude that this new shippers review is extraordinarily complicated (see Memorandum from Laurie Parkhill to Barbara R. Stafford, Recommendation to Extend New Shippers Review Schedule, December 19, 1996). Therefore, in accordance with section 751(a)(2)(B)(iv) of the Act, the Department is extending the time limit for completing the preliminary results of review until April 23, 1997.

This extension is in accordance with section 751(a)(2)(B)(iv) of the Act.

Dated: December 19, 1996.
Barbara R. Stafford,
Deputy Assistant Secretary of AD/CVD
Enforcement.
