

For applicants from States that are currently not participating in the development of EnPAs, in order to be eligible for PPIS grant funds, the applicant must still clearly identify a partnership with one or more business or environmental assistance provider in the State.

In addition, in 1995 and 1996 the National Institute for Standards and Technology (NIST) funded 27 State environmental planning networks. The purpose of the planning effort is to coordinate activities among NIST Manufacturing Extension Partnerships, pollution prevention programs, compliance centers, and other environmental service delivery organizations in the State. PPIS applications from States that have received funding from NIST for environmental services planning must address how the grant will relate to the NIST-funded environmental planning efforts.

PPIS applications from States that have not been awarded a NIST environmental services planning grant are not required to address this criterion.

Based on the above, EPA has developed the following criteria that must be addressed by all eligible applicants. Proposals that do not address these criteria will not be considered eligible for funding. In the narrative of the grant application, the following three requirements must be addressed:

(1) Identify who the partnering organization(s) is/are and demonstrate or document the relationship. This can be done, for example, through a letter of agreement, a joint statement, or principles of agreement signed by both parties.

(2) Describe how the activities in the grant will support the State's EnPA under NEPPS, where present.

(3) Address how the grant will relate to the NIST-funded environmental coordination planning efforts. (This criterion only applies to those States that have a NIST-funded grant.)

Applicants should consult the PPIS program guidance for more detailed information on the 1997 goals and criteria. Proposals accepted for review under this program must qualify as pollution prevention as defined by EPA.

3. *Program management.* Awards for FY 1997 funds will be managed through the EPA Regional Offices.

4. *Contacts.* Interested applicants are requested to contact the appropriate EPA Regional Pollution Prevention Coordinator listed under Unit VI. of this document to obtain specific instructions and guidance for submitting proposals.
