Williston Basin states that these tariff sheets reflect the Company's proposal to incorporate the recovery of electric power purchased for use in the operation of its electric compressor stations into the current fuel reimbursement adjustment provision. By doing so, Williston Basin's electric

power costs will be tracked in a manner very similar to the Company's current method for tracking gas fuel requirements as outlined in Section 38 of its FERC Gas Tariff, Second Revised Volume No. 1. Williston Basin further states that although such electric costs will be tracked independently of the gas costs, for billing purposes the gas and electric compressor rates or in-kind percentages will be added together in order to reflect only one applicable fuel rate or percentage rate for each rate schedule.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations.
