The Proposal

The FAA is considering an amendment to Part 71 of the Federal Aviation Regulations (14 CFR Part 71) to amend Class D, E2 and E4 surface area airspace at Gainesville, FL. to accommodate a GPA RWY 6 and a GPS RWY 24 SIAP's for the Gainesville Regional Airport. Additional controlled airspace extending upward from the surface is needed to accommodate these SIAP's and for IFR operations at the airport. Class D airspace designations, Class E airspace designations for airspace areas designated as a surface area for an airport and Class E airspace areas designated as an extension to Class D surface area are published in Paragraphs 5000, 6002 and 6004, respectively, of FAA Order 7400.9D, dated September 4, 1996, and effective September 16, 1996, which are incorporated by reference in 14 CFR 71.1. The Class D and E airspace designations listed in this document would be published subsequently in the Order.

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

SUPPLEMENTARY INFORMATION:**Background**

On June 3, 1988, the Internal Revenue Service issued a Notice (Notice 88-65, 1988-1 C.B. 552) which stated that regulations would be issued suspending portions of § 1.905-2 of the Treasury Regulations. Section 1.905-2 requires taxpayers who claim foreign tax credits to attach documents to their returns substantiating the credits. The Notice was issued in response to problems taxpayers were experiencing because they could not timely obtain and prepare the necessary documentation in a form suitable for submission with their tax returns. The intent of the Notice was to advise taxpayers that Treasury and the IRS would issue a new regulation that would suspend, beginning on January 1, 1988, the existing regulation requiring the submission of this documentation with a tax return. This new regulation has not been issued. Instead of suspending the relevant portions of the existing regulation, Treasury and the IRS now have decided to permanently eliminate the requirement that documentation be submitted with the tax return, effective January 1, 1988.

Explanation of Provisions

§ 1.905-2(a)(1), 1.905-2(b)(1) and (2), and 1.905-2(c)

Sections 1.905-2(a)(1), 1.905-2(b)(1) and (2), and 1.905-2(c) are unchanged from the final regulations.

§ 1.905-2(a)(2)

Under § 1.905-2(a)(2), taxpayers generally are required to attach to their income tax returns either (1) the receipt for the foreign tax payment, or (2) a foreign tax return for accrued foreign taxes. Proposed § 1.905-2(a)(2) removes the requirement that the documentation must be attached to the income tax return.

The proposed regulation now provides that such evidence of foreign taxes must be presented to the district director upon request.

§ 1.905-2(b)(3)

Section 1.905-2(b)(3) addresses issues for taxes withheld at the source. The section allows the district director to accept secondary evidence of such withholding. The proposed regulation clarifies that evidence of a tax withheld at the source and the amount withheld is only sufficient for an interim credit.
