January 7, 1997.

SUMMARY: The Federal Communications Commission, as part of its continuing effort to reduce paperwork burden invites the general public and other Federal agencies to take this opportunity to comment on the following proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the Paperwork Reduction Act (PRA) that does not display a valid control number. Comments are requested concerning (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's burden estimates; (c) ways to enhance the quality, utility, and clarity of the information collected and (d) ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology.

Needs and Uses: Section 76.917 of the Commission's rules requires a local franchising authority ("LFA") that has been certified to regulate basic service tier ("BST") cable rates to notify the Commission if it no longer intends to regulate BST cable rates. This notification shall include the LFA's determination that rate regulation no longer serves the best interests of local cable subscribers and that the LFA has received no consideration for its withdrawal of certification. The notifications are used by the Commission to readily determine the extent of basic service tier BST rate regulation of cable systems and to be aware of circumstances where certified LFAs no longer intend to regulate BST cable rates.
