Union Pacific Railroad Company—Control and Merger—Southern Pacific Transportation Company: Reno Mitigation Study

AGENCY: Surface Transportation Board.

ACTION: Public information meeting.

SUMMARY: The Surface Transportation Board's (Board) Section of Environmental Analysis (SEA) will hold a public meeting concerning its Reno Mitigation Study. In its decision of August 12, 1996, the Board directed SEA to conduct this study in order to develop further mitigation to address the merger-related environmental impacts of increased railroad traffic on the existing Union Pacific (formerly Southern Pacific) right-of-way that runs through Reno, NV. The study will include publication of a draft mitigation plan to submit to the public for review and comment and issuance of a final mitigation plan.

The public information meeting will provide an opportunity for the public to meet members of the study team and to ask questions about and comment on the study process to date. In order to accommodate various Reno citizen scheduling needs, the meeting will be held twice on February 13 at Reno City Hall, Room 211, 490 S. Center St., Reno, NV. An informal open house will be held from 1:30 P.M. to 2:30 P.M. and then again from 6:00 P.M. to 7:00 P.M. during which times the public may review maps and graphics illustrating the study area and the mitigation options under consideration by SEA at this time. The open houses will be followed by public meetings from 2:30 P.M. to 4:30 P.M. and then again from 7:00 P.M. to 9:00 P.M. at which the SEA team will make a brief presentation.
