Approval and Promulgation of Air Quality Implementation Plans; Colorado: Enhanced Vehicle Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Colorado on September 29, 1995, for the purpose of meeting Federal requirements for a final approval of the Denver-Boulder urbanized area enhanced motor vehicle inspection and maintenance (I/M) program. The SIP revision was submitted by the State to satisfy the State's commitment to limit dealership self-testing as required by EPA's I/M Rule (40 CFR part 51, subpart S). This rulemaking proposes to convert EPA's original November 8, 1994 conditional approval (59 FR 55584) to a full approval for this program. In the Final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision and anticipates no adverse comments. The rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If the EPA receives adverse comments, the direct final rule will be withdrawn, and all public comments received during the 30-day comment period set forth below will be addressed in a subsequent final rule based on this proposed rule. Any parties interested in commenting on this action should do so at this time.

DATES: Comments on this proposed rule must be received in writing by February 18, 1997.

ADDRESSES: Comments may be mailed to Richard R. Long, Director, Air Programs, USEPA Region VIII (P2-A), 999 18th Street—Suite 500, Denver, Colorado 80202-2466.
