Grantees shall provide inservice training to classroom teachers, administrators, and other school or community-based organization personnel to improve the instruction and assessment of language-minority and LEP students. In addition, grantees are authorized, under this program, to improve the education of LEP children and youth and their families by: implementing family education programs, improving the instructional program for LEP children, compensating personnel who have been trained—or are being trained—to serve LEP children and youth, providing tutorials and academic or career counseling for LEP children and youth, and providing intensified instruction.

Priority

Under 34 CFR 75.105(c)(1) and section 7113(b)(2)(A) of the Act, the Secretary is particularly interested in applications that meet the following invitational priority. However, an application that meets this invitational priority does not receive competitive or absolute preference over other applications:

Applicants that consider the Department of Education Professional Development Principles in planning and designing required inservice training activities in their Program Enhancement proposal. Those Principles call for educator professional development that focuses on teachers as central to student learning, yet includes all other members of the school community; focuses on individual, collegial, and organizational improvement; respects and nurtures the intellectual and leadership capacity of teachers, principals, and others in the school community; reflects best available research and practice in teaching, learning, and leadership; enables teachers to develop further expertise in subject content, teaching strategies, uses of technologies, and other essential elements in teaching to high standards; promotes continuous inquiry and improvement embedded in the daily life of schools; is planned collaboratively by those who will participate in and facilitate that development; requires substantial time and other resources; is driven by a coherent long-term plan; is evaluated ultimately on the basis of its impact on

teacher effectiveness and student learning; and uses this assessment to guide subsequent professional development efforts.

Selection Criteria

(a) (1) The Secretary uses the following selection criteria in 34 CFR 75.210 and Section 7116(i)(1) of the Act to evaluate applications for new grants under this competition.

Notice to All Applicants

Thank you for your interest in this program. The purpose of this enclosure is to inform you about a new provision in the Department of Education's General Education Provisions Act (GEPA) that applies to applicants for new grant awards under Department programs. This provision is Section 427 of GEPA, enacted as part of the Improving America's Schools Act of 1994 (Pub. L. 103–382).

To Whom Does This Provision Apply?

Section 427 of GEPA affects applicants for new discretionary grant awards under this program. **ALL APPLICANTS FOR NEW AWARDS MUST INCLUDE INFORMATION IN THEIR APPLICATIONS TO ADDRESS THIS NEW PROVISION IN ORDER TO RECEIVE FUNDING UNDER THIS PROGRAM. What Does This Provision Require?**

Section 427 requires each applicant for funds (other than an individual person) to include in its application a description of the steps the applicant

proposes to take to ensure equitable access to, and participation in, its Federally-assisted program for students, teachers, and other program beneficiaries with special needs.

This section allows applicants discretion in developing the required description. The statute highlights six types of barriers that can impede equitable access or participation that you may address: gender, race, national origin, color, disability, or age. Based on local circumstances, you can determine whether these or other barriers may prevent your students, teachers, etc. from such access or participation. Your description need not be lengthy; you may provide a clear and succinct description of how you plan to address those barriers that are applicable to your circumstances. In addition, the information may be provided in a single narrative, or, if appropriate, may be discussed in connection with related topics in the application.

Section 427 is not intended to duplicate the requirements of civil rights statutes, but rather to ensure that, in designing their projects, applicants for Federal funds address equity concerns that may affect the ability of certain potential beneficiaries to fully participate in the project and to achieve to high standards. Consistent with program requirements and its approved application, an applicant may use the Federal funds awarded to it to eliminate barriers it identifies.

What are Examples of How an Applicant Might Satisfy the Requirements of This Provision?

The following examples may help illustrate how an applicant may comply with Section 427.

(1) An applicant that proposes to carry out an adult literacy project serving, among others, adults with limited English proficiency, might describe in its application how it intends to distribute a brochure about the proposed project to such potential participants in their native language.

(2) An applicant that proposes to develop instructional materials for classroom use might describe how it will make the materials available on audio tape or in braille for students who are blind.

(3) An applicant that proposes to carry out a model science program for secondary students and is concerned that girls may be less likely than boys to enroll in the course, might indicate how it intends to conduct "outreach" efforts to girls, to encourage their enrollment.

We recognize that many applicants may already be implementing effective

steps to ensure equity of access and participation in their grant programs, and we appreciate your cooperation in responding to the requirements of this provision.

Estimated Burden Statement

According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB control number. The valid OMB control number for this information collection is 1801-0004 (Exp. 8/31/98). The time required to complete this information collection is estimated to vary from 1 to 3 hours per response, with an average of 1.5 hours, including the time to review instructions, search existing data resources, gather and maintain the data needed, and complete and review the information collection. If you have any comments concerning the accuracy of the time estimate(s) or suggestions for improving this form, please write to: U.S. Department of Education, Washington, DC 20202-4651.

Additional Non-Regulatory Guidance (Questions and Answers)

Program Enhancement Grants

Q. Are Program Enhancement Grants directed to single schools, groups of schools or entire school districts?

A. The grants are directed to all of the above, as long as the eligible applicant has an existing bilingual education or special alternative instructional program that is to be enhanced or expanded. To qualify for eligibility for a Program Enhancement Grant, the existing bilingual education or special alternative educational program does not necessarily have to be a Title VII project but could also be a State or local project.

Q. Are preschool/early childhood and adult education programs eligible?

A. Preschool/early childhood programs for limited English proficient (LEP) students are eligible for funding. Also, programs that serve adults are eligible for funding if the program is specifically designed as a family education program with parent outreach and training activities that will assist parents to become active participants in the education of their children. (Section 7113(b)(2)(B)(i); 20 U.S.C. 7423(b)(2)(B)(i)). All applicants must propose programs that expand or enhance "existing bilingual education and/or special alternative instructional programs." The statute provides specific definitions for a bilingual education program, a special alternative instructional program, and a family

education program that applicants should consult in preparing their proposals. (Section 7501(1)(6) and (15); 20 U.S.C. § 7601(1), (6), and (15)).

Q. When can a CBO or an IHE become the lead entity on a Program Enhancement Grant?

A. A CBO or IHE may become the lead entity only if the application is approved by an LEA, and if it proposes one or more of the following programs: (1) early childhood programs; (2) family education programs; and (3) instructional programs which supplement the educational services provided by the LEA. (Section 7113(c)(3); 20 U.S.C. 7423(c)(3)).

Q. What is meant by the provision that allows local educational agencies (LEA's) to apply "in collaboration with an institution of higher education, community-based organization or local or State educational agency?"

A. Unless a community-based organization (CBO) or institution of higher education (IHE) is applying under the provision discussed in the previous question and answer, it must submit an application under this program in collaboration with an LEA. In order for a State educational agency (SEA) to participate in this program at all, it must submit an application in collaboration with an LEA. (Section 7113(c)(2); 20 U.S.C. 7423(c)(2)). The requirements for entering into a joint or group application, which would include a collaborative application, are set out in 34 CFR 75.127 to 75.129.

Q. Is there a requirement that preservice activities take place before a Program Enhancement Grant can be carried out?

A. No. Because Program Enhancement Grants expand or enhance existing bilingual education projects and only last for two years, there are no requirements regarding activities that must take place before a Program Enhancement Grant can be carried out.

Q. What should be included in the narrative of the application for the Program Enhancement Grants?

A. Since the narrative of the application has a mandatory 25 page limit, we recommend that it include a short, but thorough, discussion of the existing program's design and its progress in meeting its goals and objectives. We also suggest that the applicant address what components of the project are to be enhanced or expanded, plans for implementation, goals and objectives, etc.

Q. May we use the same title or name for a Program Enhancement Grant that was used for a previous Title VII grants?

A. Yes, you may keep the same name of your project or select a new one.

Q. Is there a requirement that the applicant must consult with the private schools in designing its application?

A. Yes. The statutory authority for this program requires applicants to take account, in designing the applications, of the needs of students with limited English proficiency enrolled in nonprofit private elementary and secondary schools in the area to be

served by the proposed project. Consultation by the applicant with appropriate private school officials is part of the requirement.

The full requirement is set out at Section 7116(h)(2)(20 U.S.C. § 7426(h)(2)), and should be carefully reviewed by all applicants. The Department, before it can approve an application under this program, must

determine that this requirement has been met. For that reason, applicants should address this requirement in their application and must include documentation of their efforts to comply with provision's requirement to consult with private school officials.

Instructions for Certification

1. By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," and "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. 9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
