

requirement under 59.22(b)(2). It also enables FEMA to be more responsive to the on-going changes that occur in each participating community's flood hazard area. These changes include, but are not limited to, new corporate boundaries, changes in flood hazard areas, new floodplain management measures, and changes in rate of floodplain development. It is also used to evaluate the effectiveness of the community's floodplain management activities. The evaluation is accomplished by analyzing information provided by the community, such as the number of variances and floodplain permits

granted by each community in relationship to other information contained in the Biennial Report, as well as other data available in FEMA's Community Information System (CIS).
Collection of Information Title. National Flood Insurance Program Biennial Report.
Type of Information Collection. Extension of a currently approved collection.
OMB Number: 3067-0018.
Abstract. FEMA requests that communities participating in the NFIP submit a biennial report on progress made in the implementation and

enforcement of their floodplain management regulations. The information provided by communities using FEMA Forms 81-28, 81-29, or 81-29A enables FEMA to be more responsive to the ongoing changes which occur in each participating community's flood hazard area, as well as to evaluate the effectiveness of the community's floodplain management activities.
Affected Public: State, Local or Tribal Governments.
Estimated Total Biennial Burden Hours. 8,215.
