### Federal Energy Regulatory Commission

[Project No. 2100-074]

### California Department of Water Resources; Notice Rejecting Rehearing

January 17, 1997.

By order issued December 11, 1996,<sup>1</sup> the Director, Division of Licensing and Compliance (Division Director) approved a request filed by the California Department of Water Resources (CDWR) to amend the requirements of ordering paragraph (K) of the Commission's Order on Revised Recreation Plan, issued September 22, 1994, for CDWR's Feather River Project No. 2100, on the Feather River in Butte County, California.<sup>2</sup> The Division Director approved CDWR's request by extending the filing date for CDWR's biannual report providing recreational use data from November 1, 1996 to April 1, 1997, and making subsequent reports due every two years thereafter on April 1, instead of November 1.

On December 23, 1996, the Lake Oroville Fish Enhancement Committee

(LOFEC) and the California Sportfishing Protection Alliance (CSPA) filed a request for rehearing of the Division Director's order. LOFEC and CSPA contend that they have been denied due process by the Division Director's order.

Rehearing does not lie in this matter. CDWR's request for a change in the due date for its recreation reports does not entail any material change in the plan of project development or in the terms and conditions of the license, nor does it adversely affect the rights of property-holders in a manner not contemplated by the license, such that the Commission should have issued notice of the filing or entertained intervention petitions thereon.<sup>3</sup> Accordingly, the request for rehearing is rejected.

This notice constitutes final agency action. Requests for rehearing by the Commission may be filed within 30 days of the date of issuance of this notice, pursuant to 18 CFR 385.713.

Linwood A. Watson, Jr.,

*Acting Secretary.*
