

Government's requirements for the coat to the Procurement List. This portion is less than a tenth of the value of the contractor's estimate of its sales of this coat, and an even smaller percentage of the contractor's total sales. Consequently, the Committee does not believe that this addition to the Procurement List will have a severe adverse impact on the contractor. With respect to FPI's re-entry into the market, the Committee noted that the layoffs and lower levels of plant operation cited by the current contractor appeared to have occurred prior to FPI's involvement. At most, FPI's participation will prevent the current contractor from regaining some of the coat sales it had prior to the advent of reduced requirements several years ago. The Committee also noted that, within the past year, the current contractor has taken steps to diversify its product line, which enhances its long-term economic prospects.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the commodities and impact of the addition on the current or most recent contractors, the Committee has determined that the commodities listed below are suitable for procurement by the Federal Government under 41 U.S.C. 46-48c and 41 CFR 51-2.4.

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will furnish the commodities to the Government.
2. The action does not appear to have a severe economic impact on current contractors for the commodities.
3. The action will result in authorizing small entities to furnish the commodities to the Government.
4. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 46-48c) in connection with the commodities proposed for addition to the Procurement List.

Accordingly, the following commodities are hereby added to the Procurement List:

Coat, Combat, Woodland Camouflage

3.5" Microdisks and Coated Media Thereof From Japan; Termination of Antidumping Duty Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of termination of antidumping duty administrative review.

SUMMARY: On May 24, 1996 (61 FR 26158), in response to a request from Fuji Photo Film Co., Ltd., Tokyo, Japan, and Fuji Photo Film U.S.A., Inc., collectively referred to as Fuji, and the respondents in the above-mentioned case, the Department of Commerce (the Department) initiated an administrative review of the antidumping duty order on 3.5" microdisks and coated media thereof from Japan. In accordance with 19 CFR 353.22(a)(5) of our regulations, the Department is now terminating this review because Fuji has withdrawn its request for review.

EFFECTIVE DATE: January 24, 1997.

FOR FURTHER INFORMATION CONTACT: Dana Mermelstein or Russell Morris, Office of CVD/AD Enforcement VI, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-2786.

SUPPLEMENTARY INFORMATION:

Background

On April 29, 1996, the Department received a request for an administrative review of this antidumping duty order from Fuji for the period April 1, 1995, through March 31, 1996. No other interested party requested a review of the antidumping duty order. On May 24, 1996, the Department published in the Federal Register (61 FR 26158) a notice of "Initiation of Antidumping Duty Administrative Review" initiating the administrative review of Fuji for that period. On January 9, 1997, Fuji withdrew its request for review.

Section 353.22(a)(5) of the Department's regulations stipulates that the Secretary may permit a party that requests a review to withdraw the request not later than 90-days after the date of publication of notice of initiation of the requested review. This regulation also provides that the Secretary may extend the time limit for withdrawal of a request if it is reasonable to do so. Because no significant work has been completed on this review, the aforementioned request for withdrawal does not unduly burden the Department. Therefore, under the circumstances presented in this review, we are waiving the 90-day requirement in § 353.22(a)(5). Accordingly, we are terminating this review.

This notice is published in accordance with 19 CFR 353.22(a)(5).

Dated: January 17, 1997.

Jeffery P. Bialos,

Principal Deputy Assistant Secretary, for
Import Administration.
