BILLING CODE 6714-01-P

FEDERAL RESERVE SYSTEM

12 CFR Parts 207, 220, 221, and 224

[Regulations G, T, U and X]

Securities Credit Transactions; List of Marginable OTC Stocks; List of Foreign Margin Stocks

AGENCY: Board of Governors of the Federal Reserve System.

ACTION: Final rule; determination of applicability of regulations.

SUMMARY: The List of Marginable OTC Stocks (OTC List) is composed of stocks traded over-the-counter (OTC) in the United States that have been determined by the Board of Governors of the Federal Reserve System to be subject to the margin requirements under certain Federal Reserve regulations. The List of Foreign Margin Stocks (Foreign List) is composed of foreign equity securities that have met the Board's eligibility criteria under Regulation T. The OTC List and the Foreign List are published four times a year by the Board. This document sets forth additions to and deletions from the previous OTC List and the previous Foreign List.

EFFECTIVE DATE: February 10, 1997.

FOR FURTHER INFORMATION CONTACT:

Peggy Wolfrum, Securities Regulation Analyst, Division of Banking Supervision and Regulation, (202) 452-2781, Board of Governors of the Federal Reserve System, Washington, D.C. 20551. For the hearing impaired only, contact Dorothea Thompson, Telecommunications Device for the Deaf (TDD) at (202) 452-3544.

SUPPLEMENTARY INFORMATION: Listed below are the deletions from and additions to the Board's OTC List, which was last published on October 28, 1996 (61 FR 55555), and became effective November 12, 1996. A copy of the complete OTC List is available from the Federal Reserve Banks.

The OTC List includes those stocks traded over-the-counter in the United States that meet the criteria in Regulations G, T and U (12 CFR Parts 207, 220 and 221, respectively). This determination also affects the

applicability of Regulation X (12 CFR Part 224). These stocks have the degree of national investor interest, the depth and breadth of market, and the availability of information respecting the stock and its issuer to warrant regulation in the same fashion as exchange-traded securities. The OTC List also includes any OTC stock designated for trading in the national market system (NMS security) under rules approved by the Securities and Exchange Commission (SEC). Additional OTC stocks may be designated as NMS securities in the interim between the Board's quarterly publications. They will become automatically marginable upon the effective date of their NMS designation. The names of these stocks are available at the SEC and at the National Association of Securities Dealers, Inc. and will be incorporated into the Board's next quarterly publication of the OTC List.

Also listed below are the deletions from and additions to the Foreign List which was last published on October 28, 1996 (61 FR 55555) and became effective November 12, 1996. A copy of the complete Foreign List is available from the Federal Reserve banks.

Public Comment and Deferred Effective Date

The requirements of 5 U.S.C. 553 with respect to notice and public participation were not followed in connection with the issuance of this amendment due to the objective character of the criteria for inclusion and continued inclusion on the Lists specified in 12 CFR 207.6(a) and (b), 220.17(a), (b), (c) and (d), and 221.7(a) and (b). No additional useful information would be gained by public participation. The full requirements of 5 U.S.C. 553 with respect to deferred effective date have not been followed in connection with the issuance of this amendment because the Board finds that it is in the public interest to facilitate investment and credit decisions based in whole or in part upon the composition of these Lists as soon as possible. The Board has responded to a request by the public and allowed approximately a two-week delay before the Lists are effective.

Regulatory Citations to Uniform Financial Institutions Rating System

AGENCY: Office of Thrift Supervision, Treasury (OTS).

ACTION: Final rule.

SUMMARY: In the December 19, 1996 issue of the Federal Register, the Federal Financial Institutions Examination Council (FFIEC) published changes to the Uniform Financial Institutions Rating System (UFIRS). The OTS is making conforming changes to OTS regulations that cross-reference the UFIRS, confirming that these regulations are intended to refer to the UFIRS as it is revised from time to time.

EFFECTIVE DATE: February 26, 1997.

Magrini, Senior Project Manager, Supervision Policy, (202) 906-5744, or Karen Osterloh, Assistant Chief Counsel, Regulations and Legislation Division, (202) 906-6639, Regulations and Legislation Division, Chief Counsel's Office, Office of Thrift Supervision, 1700 G Street, NW., Washington, DC 20552.

SUPPLEMENTARY INFORMATION:

I. Background

The UFIRS is a supervisory rating system used by the OTS and other agencies represented on the FFIEC to evaluate the soundness of depository institutions on a uniform basis. The agencies have implemented the UFIRS through CAMEL ratings. Under CAMEL, the agencies have organized the relevant UFIRS factors into five major areas (Capital Adequacy, Asset Quality, Management, Earnings, and Liquidity). In the July 18, 1996 issue of the Federal Register, the FFIEC proposed to add a sixth component to the UFIRS system, Sensitivity to Market Risk. Currently, market risk is evaluated within other rating areas. The FFIEC also proposed to reformat and clarify the rating descriptions; to revise the rating system to emphasize risk management processes; and to make other changes. The FFIEC published a notice of the final text of the UFIRS in the December 19, 1996 issue of the Federal Register.

Under OTS regulations, CAMEL ratings are currently used: (1) To define "troubled savings association" for purposes of OTS assessments, 12 CFR 502.1; (2) to determine if a savings association is eligible for expedited or standard treatment under the application processing guidelines, 12 CFR part 516; (3) to determine when an independent audit is required for safety and soundness purposes and to determine whether the Director may waive this independent audit requirement, 12 CFR 562.4; (4) to determine when the OTS may require a savings association and its subsidiaries to provide notification before entering into transactions with affiliates, 12 CFR 563.41; (5) to define "adequately capitalized" and "undercapitalized" under the prompt corrective action regulation, 12 CFR part 565; (6) to determine whether a savings association should be reclassified based on supervisory criteria other than capital for the purposes of the prompt corrective action regulation, 12 CFR Part 565; and (7) to define a savings association in "troubled condition" under rules requiring prior notice of the

addition of any individual to the board of directors or the employment of any individual as senior executive officer, 12 CFR 574.9.

Most of these regulations currently refer to "CAMEL" ratings. Because the proposed changes to UFIRS would make these references obsolete, the OTS proposed revisions to its regulations on July 23, 1996.¹ The OTS proposed to revise its regulations to refer more generally to the UFIRS as it may exist from time to time or to any comparable rating system that the OTS may adopt in lieu of UFIRS.

Two other minor changes were also proposed. First, for the sake of consistency and to prevent confusion, the OTS proposed to revise each regulation that will cross reference UFIRS to indicate that the OTS will use the most recent rating (as determined either on-site or off-site by the most recent examination) of which the savings association has been notified in writing. Currently, some of the cited regulations include this provision, while others do not.

Additionally, the OTS proposed to clarify 12 CFR 562.4. Currently, that regulation requires, *inter alia*, all institutions receiving a rating of 3, 4 or 5 to obtain an independent audit unless the Director "determines that an audit would not address the safety and soundness issues that caused the (low) examination rating." The OTS proposed to modify § 562.4 to better reflect when OTS may waive the audit requirement. As proposed, a waiver may be granted if an audit "would not provide further information on safety and soundness issues relevant to the examination rating."

Summary of Comments and Description of the Final Rule

The OTS received one comment on the proposed rule changes. This commenter suggested that the OTS delay changing references to a rating system until the FFIEC determines whether the existing rating system should be modified and designates a new acronym. The commenter supported all other clarifying changes to the OTS rules.

As noted above, FFIEC has finalized its changes to the UFIRS system. In any event, under the OTS proposal, the regulations would refer generally to the UFIRS as it may exist from time to time, or to a comparable rating system that the
