

following the date the Environmental Protection Agency (EPA) publishes the notice of filing of the DEIS in the Federal Register. When the closing date for public comments is known, it will be published in the local newspapers. Comments should be sent to BLM, Worland District; Don Ogaard, Project Manager; P.O. Box 119; Worland, Wyoming 82401-0119. A public meeting will be held in Emblem, Wyoming on January 29, 1997, to provide opportunities for the public to meet with representatives from the BLM and the Corps, and comment on the DEIS. The meeting will be held at the Emblem Community Hall, beginning at 6:30 p.m.

ADDRESSES: Copies of the DEIS may be reviewed at the following locations: Worland District BLM Office, 101 South 23rd Street, (contact Don Ogaard, BLM Project Manager) Worland, Wyoming; Wyoming State BLM Office, 5353 Yellowstone Road, Cheyenne, Wyoming (Susan Bennett, Supervisor, Records and Public Service Group); Army Corps of Engineers, Cheyenne Regulatory Office, 2232 Dell Range Blvd, Suite 210, Cheyenne (Chandler Peter, Corps Project Manager); Army Corps of Engineers, Omaha District Office, 215 N. 17th Street, Omaha, Nebraska (Becky Latka, EIS Technical Manager); and county, city, and college libraries near the proposed project.

FOR FURTHER INFORMATION CONTACT: Don Ogaard, BLM Project Manager, Bureau of Land Management, Worland District Office, P.O. Box 119, 1101 South 23rd Street, Worland, Wyoming 82401-0119, telephone (307) 347-5160; or Candace M. Thomas, Chief, Environmental Analysis Branch, Planning Division, Army Corps of Engineers, Omaha District, 215 North 17th Street, Omaha, Nebraska 68102-4978, telephone (402) 221-4598.

SUPPLEMENTARY INFORMATION: The Greybull Valley Irrigation District (GVID) proposes to construct a 150-foot-high zoned-earth embankment dam in an unnamed drainage west of Roach Gulch, a tributary of the Greybull River, in Park County, Wyoming. This dam would impound 33,470 acre-feet of water, inundating about 700 acres of BLM-administered public lands. The GVID's purpose and need for the proposal is primarily to provide early and late season water for irrigated crops; and to allow better overall regulation of their system. The DEIS also considers an alternative location in Blackstone Gulch, another tributary of the Greybull River; as well as the "No Action" Alternative, under which no dam would be built.

The DEIS is not a decision document. The purpose of the DEIS is to provide sufficient information for the BLM and Corps to make an informed decision about GVID's proposal. It is a document disclosing the likely environmental consequences of implementing the proposed action or one of the alternatives to that action. The BLM's Preferred Alternative is Alternative B, Proposed Action, as modified by the mitigation described in Chapter 5 of the DEIS. The Corps does not identify a Preferred Alternative at this time.

Before GVID may construct the project, it must obtain Federal, State, county, and local permits. Because the reservoir would inundate public land administered by the BLM, the GVID must obtain a Right-of-Way Grant from the BLM. A permit under Section 404 of the Clean Water Act to conduct operations in a water of the United States, issued by the Corps, would also be required. As part of the process for granting the permits, these agencies must consider the GVID's proposal under NEPA.

Comments, including names and addresses of respondents, will be available for public review at the BLM's Worland District office during regular business hours (7:30 a.m. to 4:30 p.m.), Monday through Friday, except holidays and may be published as part of the final environmental impact statement. Individual respondents may request confidentiality. If you wish to withhold your name or address from public review or from disclosure under the Freedom of Information Act, you must state this prominently at the beginning of your comment. Such requests will be honored to the extent allowed by law. All submissions from organizations or businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses, will be made available for public inspection in their entirety.

Because the final EIS may be issued in partial text format, the draft EIS should be retained for future reference.

Dated: January 16, 1997.

Alan L. Kesterke,

Associate State Director.

Colorado; Proposed Reinstatement of Terminated Oil and Gas Lease

Under the provisions of Public Law 97-451, a petition for reinstatement of oil and gas lease COC58657, Archuleta

County, Colorado, was timely filed and was accompanied by all required rentals and royalties accruing from January 1, 1997 the date of termination.

No valid lease has been issued affecting the lands. The lessee has agreed to new lease terms for rentals and royalties at rates of \$10 per acre and 16 $\frac{2}{3}$ percent, respectively. The lessee has paid the required \$500 administrative fee for the lease and has reimbursed the Bureau of Land Management for the cost of this Federal Register notice.

Having met all the requirements for reinstatement of the lease as set out in Section 31(d) and (e) of the Mineral Leasing Act of 1920, as amended, (30 U.S.C. 188(d) and (e)), the Bureau of Land Management is proposing to reinstate the lease effective January 1, 1997, subject to the original terms and condition of the lease and the increased rental and royalty rates cited above.

Questions concerning this notice may be directed to Milada Krasilinec of the Colorado State Office (303) 239-3767.

Dated: January 13, 1997.

Milada Krasilinec,

Land Law Examiner, Oil and Gas Management Team.

Notice of Proposed Reinstatement of Terminated Oil and Gas Lease

January 15, 1997.

Pursuant to the provisions of 30 U.S.C. 188(d) and (e), and 43 CFR 3108.2-3(a) and (b)(1), a petition for reinstatement of oil and gas lease WYW124445 for lands in Lincoln County, Wyoming, was timely filed and was accompanied by all the required rentals accruing from the date of termination.

The lessee has agreed to the amended lease terms for rentals and royalties at rates of \$10.00 per acre, or fraction thereof, per year and 16 $\frac{2}{3}$ percent, respectively.

The lessee has paid the required \$500 administrative fee and \$125 to reimburse the Department for the cost of this Federal Register notice. The lessee has met all the requirements for reinstatement of the lease as set out in Section 31 (d) and (e) of the Mineral Lands Leasing Act of 1920 (30 U.S.C. 188), and the Bureau of Land Management is proposing to reinstate lease WYW124445 effective July 1, 1996, subject to the original terms and conditions of the lease and the
