[Docket No. OST-97-2085]

Proposed Policy Encouraging Metropolitan Planning Organizations and Airport Operators to Cooperate in Transportation Planning

AGENCY: Office of the Secretary, DOT.

ACTION: Proposed policy statement.

SUMMARY: The Department of Transportation (DOT) is publishing for comment a proposed policy statement regarding the need for coordination between aviation and surface transportation planning efforts, particularly between airport operators and metropolitan planning organizations, with emphasis on urbanized areas over one million population as defined by the latest Decennial Census.

There are a number of concerns and issues shared by policy makers responsible for airport and surface transportation decision making, including the need to plan for and develop adequate surface transportation access serving airports. This policy addresses the need to enhance cooperation across transportation modes. This type of cooperation is especially important because planning requirements for the individual transportation modes (highway, transit, rail, and aviation) are contained in separate statutory authority. The DOT believes that it is desirable to stimulate and revitalize the cooperative relationship between airport operators and metropolitan planning organizations to achieve a thoughtful and carefully coordinated program of intermodal and multimodal system planning and development.

This proposed policy is consistent with the statutory policy provisions guiding the Federal airport improvement program, such as encouraging the efficient and effective development of intermodal transportation systems. 49 U.S.C. 47101(a)(5). This proposed policy also implements the statutory policy directing the Department to integrate airport improvement planning with intermodal planning. 49 U.S.C. 47101(g), as amended by section 141 of the Federal Aviation Authorization Act of 1996. Pub. L. No. 104-264, October 9, 1996.

DATES: Comments on this proposal should be received by March 31, 1997.

ADDRESSES: Submit written, signed comments to Docket No. OST-97-2085, the Docket Clerk, U.S. Department of Transportation, Room PL-401, SVC-
