

upload the flat file using a Web browser to access a Web page located on FGT's Web server. The uploaded file will be processed and a result returned interactively to the Web browser. FGT's customers can also use a part-time, dial-up connection to the Internet to implement this alternative. This capability is currently available for testing at <http://x12.enron.com:5713/interhome.htm>.

FGT states that the changes submitted in the instant filing provide for the elimination of written nominations effective for the gas day of April 1, 1997, in accordance with FGT's implementation of GISB Standard 1.3.2.1. The changes reflected in the attached tariff sheets are made in order to allow FGT to effectively implement Standard 1.3.2 (which provides for deadlines of 11:45 AM for the receipt of nominations by FGT, noon for a quick response, and 3:30 PM for receipt of completed confirmations by FGT from upstream and downstream connected parties, with the scheduling process being completed by 4:30 PM). Nominations for the April 1 gas day will be physically submitted on March 31, 1997. FGT has also included a provision providing for the submission of written nominations on an emergency basis in the event of a failure of electronic nomination communication equipment, such as phone lines, servers, or the Internet. The changes proposed herein also incorporate the changes previously proposed to the affected tariff sheets on a pro forma basis in FGT's October 1 and December 16 Filings. Upon acceptance of the changes proposed herein, it will not be necessary for FGT to refile these tariff sheets when it makes its filing to implement the proposed GISB changes following the completion of the Commission's review of FGT's pro forma filings in Docket Nos. RP97-21-000 and -001.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC, 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. All such motions or protests should be filed on or before February 12, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public

inspection in the Public Reference Room.

Mississippi River Transmission Corporation; Notice of Filing

January 22, 1997.

Take notice that on January 15, 1997, Mississippi River Transmission Corporation (MRT) submitted for filing worksheets reflecting the calculation of Gas Supply Realignment Costs (GSRC) in compliance with the December 31, 1996 Order issued by the Federal Energy Regulatory Commission in this proceeding. As explained in its filing, MRT's worksheets set out explanations and support for the calculation of its GSRC.

MRT states that copies of the compliance filing have been mailed to all parties on the official service list.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests must be filed on or before January 29, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,
Secretary.

Mississippi River Transmission Corporation; Notice of Compliance Filing

January 22, 1997.

Take notice that on January 15, 1997, Mississippi River Transmission Corporation (MRT) submitted for filing worksheets reflecting the calculation of Miscellaneous Revenues in compliance with the December 31, 1996 Order issued by the Federal Energy Regulatory Commission in this proceeding. As explained in its filing, MRTs worksheets set out explanations and support for the calculation of its imbalance purchases and sales and for the cashout rate

applied in each of MRTs cashout transactions.

MRT states that copies of the compliance filing have been mailed to all parties on the official service list.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests should be filed on or before January 29, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

[Docket No. CP97-195-000]

Missouri Gas Energy, A Division of Southern Union Company, Complainant, v. Williams Natural Gas Company, Respondent; Notice of Complaint

January 22, 1997.

Take notice that on January 13, 1997, Missouri Gas Energy, A Division of Southern Union Company (MGE), 504 Lavaca, Suite 800, Austin, Texas 78701, filed a complaint in Docket No. CP97-195-000, pursuant to Section 5 of the Natural Gas Act and Rules 206 and 212 of the Commission's Rules of Practice and Procedure. MGE requests that the Commission order Williams Natural Gas Company (Williams) to immediately cease construction of pipeline facilities for the purpose of providing service to the Hawthorn Power Plant located in Jackson County, Missouri, and charges that the proposed construction clearly violates Section 311 of the NGPA, all as more fully set forth in the complaint which is on file with the Commission and open to public inspection.

MGE believes that Williams' proposed pipeline project is an inappropriate circumvention of the Commission's jurisdiction under Section 7 of the NGA, because the service proposal does not satisfy the requirements of Section 284.102(d) of the Commission's Regulations. In addition, MGE charges that Williams has failed to comply with Section 284.11 of the Commission's Regulations which require that a pipeline give at least 30 days notice prior to the commencement of any

construction. According to MGE, Williams has stated that although it is beginning construction in January, it is not planning to file an advance notice with the Commission until February.

MGE asserts that if the Commission does not order Williams to immediately cease its violations of the NGPA and halt construction of the pipeline project, MGE, in the alternative, requests that the Commission place Williams fully at risk for the construction costs and order an immediate contract demand reduction in MGE's current agreement with Williams. MGE also states that if the relief it seeks cannot be granted on the basis of its complaint, it requests a full and immediate evidentiary hearing.

Any person desiring to be heard or to make a protest with reference to this complaint should on or before February 21, 1997, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. Answers to the complaint shall be due on or before February 21, 1997.

[Docket No. RP96-200-016]

NorAm Gas Transmission Company; Notice of Proposed Changes in FERC Gas Tariff

January 22, 1997.

Take notice that on January 15, 1997, NorAm Gas Transmission Company (NGT) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, the following revised tariff sheet to be effective January 16, 1997:

Original Sheet No. 7G.01

NGT states that this tariff sheet is filed herewith to reflect specific negotiated rate transactions to be effective for two days, January 16, 1997 and January 17, 1997.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Rule 211 of the Commission's Rules of Practice and Procedure (18 CFR 385.211). All such protests must be filed as provided in Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestant parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

BILLING CODE 6717-01-M

[Docket No. SA97-1-000]

PanEnergy Texas Intrastate Pipeline Company; Notice of Petition for Adjustment

January 22, 1997.

Take notice that on December 23, 1996, PanEnergy Texas Intrastate Pipeline Company (PanEnergy) filed pursuant to Section 502(C) of the Natural Gas Policy Act of 1978 (NGPA), a petition for adjustment under Section 285.123(b)(1)(ii) of the Commission's Regulations to permit PanEnergy to use its tariff on file with the Railroad Commission of Texas (TRC), for suspendable interruptible transportation services performed pursuant to NGPA Section 311.

In support of its petition, PanEnergy states that it provides intrastate transportation service within the State of Texas, and is a gas utility subject to the jurisdiction of the TRC. PanEnergy states that it was formed in order to operate pipeline facilities spun down by Florida Gas Transmission Company, and later sold to PanEnergy Field Services. Those facilities are called the "North Citrus System". PanEnergy provides intrastate service to Onyx Pipeline Company, L.C. (Onyx).

Subsequently, PanEnergy also acquired an intrastate pipeline from Falfurrias Pipeline Company, successor-in-interest to Mobil Vanderbilt-Beaumont Pipeline Company (Mobil Vanderbilt), and subsequently, Falfurrias, offered Section 311 service pursuant to Commission order (73 FERC ¶ 61,256 (1995)). The Falfurrias line is now being operated as a small but integral part of PanEnergy's system. PanEnergy is now interested in offering interruptible Section 311

service which would use the integrated system. It requests that the intrastate service performed on behalf of Onyx should be viewed as "comparable" to that contemplated under Section 311.

The regulations applicable to this proceeding are found in Subpart K of the Commission's Rules of Practice and Procedure. Any person desiring to participate in this rate proceeding must file a motion to intervene in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedures. All motions must be filed with the Secretary of the Commission within 15 days after publication of this notice in the Federal Register. The petition for adjustment is on file with the Commission and is available for public inspection.

[Docket No. RP97-138-001]

Shell Gas Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

January 22, 1997.

Take notice that on January 16, 1997, Shell Gas Pipeline Company (SGPC) tendered for filing as part of its FERC Gas Tariff, Original Volume No. 1, the tariff sheets set forth on Appendix B to the filing, to become effective June 1, 1997.

SGPC states that the amended tariff sheets set forth revisions to SGPC's December 2, 1996 tariff filing, made to comply with Order No. 587, to better conform SGPC's tariff to Order No. 587.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington D.C. 20426, in accordance with 18 CFR 385.211 of the Commission's Rules and Regulations. All such protests must be filed on or before February 12, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
