

or termination of funds and grounds for possible punishment by a fine or imprisonment as provided in 18 U.S.C. 1001.

J. Intergovernmental review.

Applications under this program are subject to the provisions of E.O. 12372, "Intergovernmental Review of Federal Programs."

K. Requirement to buy American-made equipment and products.

Applicants are hereby notified that they are encouraged, to the extent feasible, to purchase American-made equipment and products with funding provided under this program.

Classification

Prior notice and an opportunity for public comments are not required by the Administrative Procedure Act or any other law for this notice concerning grants, benefits, and contracts. Therefore, a regulatory flexibility analysis is not required for purposes of the Regulatory Flexibility Act.

This action has been determined to be not significant for purposes of E.O. 12866.

Cooperative agreements awarded pursuant to pertinent statutes shall be in accordance with the Fisheries Research Plan (comprehensive program of fisheries research) in effect on the date of the award.

Federal participation under the MARFIN Program may include the assignment of DOC scientific personnel and equipment.

Reasonable, negotiated financial compensation will be provided under awards for the work of eligible grantee workers.

Information-collection requirements contained in this notice have been approved by the Office of Management and Budget (OMB Control No. 0648-0175) under the provisions of the Paperwork Reduction Act. Notwithstanding any other provision of law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act unless that collection of information displays a currently valid OMB Control Number. Public reporting burden for agency-specific collection-of-information elements, exclusive of requirements specified under applicable OMB circulars, is estimated to average 4 hours per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding this reporting burden estimate

or any other aspect of this collection of information, including suggestions for reducing the burden, to NMFS (see ADDRESSES).

Authority: 15 U.S.C. 713c-3(d)

Dated: January 22, 1997.

Nancy Foster,

Deputy Assistant Administrator for Fisheries, National Marine Fisheries Service.

BILLING CODE 3510-22-F

National Weather Service Proposed Automation and Closure Certifications

SUMMARY: On January 7, 1997 (62 FR 981), the National Weather Service (NWS) published a notice and opportunity for public comment for 43 proposed automation and closure certifications. Since that time, it has been determined that at six of these sites, NWS is not ready to proceed with the proposed certifications. Accordingly, this notice is to advise that these six proposed automation and closure certifications are being withdrawn.

ADDRESSES: Inquiries regarding these withdrawals should be directed to Tom Beaver, Room 09356, 1325 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Julie Scanlon at 301-713-1698 X151.

SUPPLEMENTARY INFORMATION: In compliance with Public Law 102-567, the Secretary of Commerce must certify that automating, consolidating, relocating, and closing any field office will not result in any degradation of service to the affected areas of responsibility. Further, the Secretary must publish the proposed certification in the Federal Register for a 60-day public comment period. This certification authority has been delegated to the Under Secretary for Oceans and Atmosphere.

On January 7, 1997, the NWS published 43 proposed automation and closure certifications (62 FR 981). Since that time, it has been determined that at six of these sites, NWS is not ready to proceed with the proposed certifications. Accordingly, to avoid any confusion and ensure that the public does not waste time submitting comments unnecessarily, the NWS is withdrawing the following six proposed automation and closure certifications:

- (1) The residual Boston Weather Service Office (WSO);
- (2) Bridgeport, Connecticut WSO;
- (3) The residual Portland, Maine WSO;
- (4) Providence, Rhode Island WSO;
- (5) Hartford, Connecticut WSO; and
- (6) Worcester, Massachusetts WSO.

The NWS will propose these certifications for a 60-day public comment period at a later date.

Dated: January 23, 1997.

Elbert W. Friday, Jr.,

Assistant Administrator for Weather Services.
