FEDERAL TRADE COMMISSION

Study to Assess the Effectiveness of Commission Divestiture Orders Information Collection Requirement

AGENCY: Federal Trade Commission.

ACTION: Notice of application to The Office of Management and Budget (OMB) under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*) for clearance of a telephone survey, requests for documents, and a questionnaire in conjunction with a study of Commission divestiture orders in merger cases.

SUMMARY: The application for OMB review concerns information collection to be undertaken in a study to assess the effectiveness of Commission divestiture orders in merger cases. The study will assist the Commission in evaluating the effectiveness of its merger enforcement actions. Specifically, the study will inform the Commission about whether to modify its current divestiture procedures so as to make divestitures more timely and effective. The study includes some collection of information from the public by means of telephone interviews, requests for documents, and a limited questionnaire. All interviews will be conducted on a voluntary basis. All information will be collected on a voluntary basis.

Staff will study a total of 49 divestitures arising out of 36 orders. Staff have already contacted nine buyers. Staff, thus, will contact another 40 buyers (plus any subsequent buyers of the divested assets), 36 respondents, and 147 third-parties (on average, three per divestiture), for a total of 223 telephone interviews. Each interview should take about one hour and 30

minutes to complete, for a total burden estimate of approximately 335 hours.

After the telephone interviews, the buyers of divested assets and the respondents will be asked to submit financial documents for a five-year period beginning the year before the divestiture occurred. Only documents prepared in the ordinary course of business will be requested. To the extent that no such financial documents exist, staff will not request that such documents be prepared. Because only documents already in existence will be requested, the anticipated burden of producing these documents will be minimal, approximately two hours, per participant, for a total of 170 hours ($49 + 36 = 85 \times 2 = 170$).

Staff will also ask that the respondents and buyers complete a two-question chart that will request sales in dollars and units of the product that was the subject of the Commission's initial concern in the case over a five-year period beginning the year before the divestiture. Staff estimate that the burden on each participant to provide this information will be 4 hours, for a total of 392 hours ($49 \text{ buyers} + 36 \text{ respondents asked about 49 divested products} = 98 \times 4 = 392$). The total cumulative burden of the document production will be 562 hours ($392 + 170$). The estimated total burden for the entire study is therefore calculated to be 897 hours ($335 + 562$), which has been rounded to 1000 hours to allow for small additions such as subsequent buyers of divested assets.

DATES: Comments on the proposed study must be submitted on or before February 28, 1997.

ADDRESSES: Send comments both to the Office of Information and Regulatory Affairs, Office of Management and Budget, New Executive Office Building, Room 3228, Washington, D.C. 20503, ATN: Desk Officer of the Federal Trade Commission and to the Federal Trade Commission, Compliance Division, ATN: Kenneth Davidson, Room S 2122, N.W., Washington, D.C. 20508.

In addition, Pre-Paid, would be prohibited from making misrepresentations about living trusts and would be required to make certain disclosures with regard to legal challenges that can be made against living trusts; the possibility of probate for certain estates regardless of whether living trusts are used; and the transfer of consumers' assets into the trusts.
