

implements a policy in NME cases whereby all exporters or producers are presumed to comprise a single entity, the "NME entity." The U.S. Court of International Trade has upheld our NME policy in previous cases. *See, e.g., UCF America, Inc. v. United States*, 870 F. Supp. 1120, 1126 (CIT 1994); *Sigma Corp. v. United States*, 841 F. Supp. 1255, 1266-67 (CIT 1993), and; *Tianjin Machinery Import & Export Corp. v. United States*, 806 F. Supp. 1008, 1013-15 (CIT 1992). Thus, we assign the NME rate to the NME entity just as we assign an individual rate to a single exporter or producer operating in a market economy. As a result, all exporters and producers that are part of the NME entity are assigned the "NME-wide" rate. Because the "NME-wide" rate is the equivalent of a company-specific rate, it changes only when we review the NME entity (*i.e.*, all NME producers and exporters that have not qualified for a separate rate). To qualify for a separate rate, as discussed under the *Separate Rates* section of this notice, an NME exporter or producer must provide evidence showing both *de jure* and *de facto* absence of government control over export activities. Until such evidence is presented, a company is presumed to be part of the NME entity and receives the "NME-wide" rate. All exporters or producers will either qualify for a separate company-specific rate, or be part of the NME entity and receive the "NME-wide" rate. In this review, Clover/Lucky qualifies for a separate rate as discussed in the "Separate Rates" section of this notice. Because China Light does not qualify for a separate rate, it remains part of the NME entity, which is subject to the new PRC-wide rate established in the final results of this administrative review.

Parties to the proceeding may request disclosure within 5 days of the date of publication of this notice. Any interested party may request a hearing within 10 days of publication. Any hearing, if requested, will be held 44 days after the publication of this notice, or the first workday thereafter. Interested parties may submit case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed not later than 37 days after the date of publication. *See* section 353.38(d) of the Department's regulations. Parties who submit arguments in this proceeding are requested to submit with each argument (1) a statement of the issue and (2) a brief summary of the argument. The Department will publish a notice of final results of this administrative

review, which will include the results of its analysis of issues raised in any such comments.

The Department shall determine, and the U.S. Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between U.S. price and FMV may vary from the percentages stated above. The Department will issue appraisal instructions directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of POS cooking ware from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(1) of the Act: (1) the cash deposit rate for the reviewed company named above which has a separate rate, Clover/Lucky, will be the rate for that company established in the final results of this administrative review; (2) for all other PRC exporters, the cash deposit rate will be the highest rate from the LTFV investigation, this review, or any prior administrative reviews, which is the PRC (country-wide) rate; and (3) the cash deposit rate for non-PRC exporters of subject merchandise from the PRC will be the rate applicable to the PRC supplier of that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice serves as a preliminary reminder to importers of their responsibility under section 353.26 of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and section 353.22 of the Department's regulations.

Shop Towels From Bangladesh; Amendment to Final Results of Antidumping Duty Administrative Review

AGENCY: International Trade Administration, Import Administration, Department of Commerce.

ACTION: Notice of Amendment to Final Results of Antidumping Duty Administrative Review.

SUMMARY: On October 23, 1996, the Department of Commerce (the Department) issued the final results of administrative review of the antidumping duty order on Shop Towels from Bangladesh, which published on October 30, 1996 in the Federal Register.

The review covered six manufacturers/exporters. The review period is March 1, 1994, through February 28, 1995. Based on the correction of a ministerial error, we are amending the final results with respect to Greyfab (BD) Limited (Greyfab)

EFFECTIVE DATE: January 29, 1997.

FOR FURTHER INFORMATION CONTACT: Davina Hashmi or Kris Campbell, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230, telephone: (202) 482-5760; (202) 482-4733.

SUPPLEMENTARY INFORMATION:

Background

On October 30, 1996, the Department published the final results of the administrative review of Shop Towels from Bangladesh in the Federal Register (61 FR 55957). The review covers six manufacturers/exporters. The review period is March 1, 1994 through February 28, 1995.

On November 21, 1996, the Department released disclosure materials to the parties in accordance with 19 CFR 353.28. Within the time limits set forth under 19 CFR 353.28, in a submission dated November 25, 1996, Greyfab contended that, in the final results, the Department inadvertently made a ministerial error in the margin calculation of one sales transaction by assigning a positive dumping margin to this sale despite the fact that the Department's calculations indicate that there was no dumping on this sale. No parties to this proceeding filed with the Department any replies to Greyfab's November 25, 1996 submission. We agree that this is a ministerial error as defined by 19 CFR 353.28 and have corrected this error. As a result,

Greyfab's margin changed from 0.70 percent to 0.02 percent.

Amended Final Results of Review

As a result of our correction of this ministerial error, we have determined that the following percentage weighted-average margin exists for the period March 1, 1994 through February 28, 1995:

Manufacturer/exporter	Margin percent
Greyfab (BD) Limited	0.02

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. Individual differences between the export price and normal value may vary from the percentage stated above. The Department will issue appraisal instructions on the exporter directly to the Customs Service.

Furthermore, a cash deposit of zero percent will be required for all shipments by Greyfab of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of these amended final results of administrative review, as provided by section 751(a)(1) of the Tariff Act of 1930.

This deposit requirement shall remain in effect until publication of the final results of the next administrative review.

This notice also serves as a final reminder to the importer of its responsibility under 19 CFR 353.26 to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 353.34(d)(1). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is in accordance with 19 CFR 353.28.

Dated: January 23, 1997.
 Robert S. LaRussa,
Acting Assistant Secretary for Import Administration.
