

pursuant to 25 U.S.C. 3001 (3)(C), these 37 cultural items are specific ceremonial objects needed by traditional Native American religious leaders for the practice of traditional Native American religions by their present-day adherents. Officials of the Heard Museum have also determined that, pursuant to 25 U.S.C. 3001 (2), there is a relationship of shared group identity which can be reasonably traced between these items and the Hopi Tribe.

This notice has been sent to officials of the Hopi Tribe. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these objects should contact Martin Sullivan, Director, The Heard Museum, 22 E. Monte Vista Rd., Phoenix, AZ 85004-1480, telephone (602) 252-8840 before February 28, 1997. Repatriation of these objects to the Hopi Tribe may begin after that date if no additional claimants come forward.

## Bureau of Reclamation

### Notice of Request for Revisions of a Currently Approved Information Collection

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice and request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, this notice announces the intentions of the Bureau of Reclamation (Reclamation) to revise a currently approved information collection for Certification and Reporting Summary Forms for Acreage Limitation. Because of recent changes to the Acreage Limitation Rules and Regulations (43 CFR Part 426), revisions are needed to the summary forms. The revisions would be included on the forms starting with those distributed for the 1998 water year.

*Comments are invited on:* (a) whether the proposed collection of information is necessary for the proper performance of the functions of Reclamation, including whether the information shall have practical utility; (b) the accuracy of Reclamation's estimated burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be

collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of automated collection techniques or other forms of information technology.

**DATES:** Comments on this notice must be received by March 31, 1997 to be assured of consideration.

**FOR FURTHER INFORMATION CONTACT:** Copies of the proposed revised forms are available by submitting a written request to the Bureau of Reclamation, D-5200, PO Box 25007, Denver, Colorado 80225-0007 or by calling (303) 236-1061, extension 293. Written comments are to be submitted to Reclamation at the above address.

**SUPPLEMENTARY INFORMATION:**

*Title:* Certification and Reporting Summary Forms for Acreage Limitation, 43 CFR Part 426.

*OMB Approval Number:* 1006-0006.

*Abstract:* These forms are to be used by water district offices to summarize individual landholder certification and reporting forms as required by the Reclamation Reform Act of 1982 (Title II of Pub. L. 97-293) and 43 CFR Part 426, Acreage Limitation Rules and Regulations (currently titled Rules and Regulations for Projects Governed by Federal Reclamation Law). This information allows Reclamation to establish water user compliance with reclamation law.

*Frequency:* Annually.

*Respondents:* Contracting entities for Reclamation project irrigation water.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 40 hours per response.

*Estimated number of Respondents:* 302.

*Estimated number of Responses per Respondent:* 1.25.

*Estimated Number of Annual Responses:* 378.

*Estimated Total Annual Burden on Respondents:* 15,120.

#### Specific Changes

1. Each district will be required to indicate the Reclamation Reform Act of 1982 forms submittal threshold category, either Category 1 or Category 2, on their district summary form(s). The associated instructions will be revised to reflect this new requirement. This requirement will be included on both the summary of certification forms and the summary of reporting forms because often districts subject to the discretionary provisions may have landholders who only hold land indirectly in their district and have not conformed to the discretionary

provisions. Accordingly, such districts must complete both a summary of certification forms and a summary of reporting forms.

2. All district summary forms and instructions will be reviewed and updated to ensure Code of Federal Regulations citations reflect the revised Acreage Limitation Rules and Regulations that become effective on January 1, 1998. For example, the section of those rules that addresses information requirements will change from 43 CFR 426.10 to 43 CFR 421.18 on that date.

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Dated: January 22, 1997.
