Emergency Exemption: Issuance

On January 22, 1997 the Fish and Wildlife Service (Service) issued a permit (PRT-824324) to SOS Care, Inc., CA, to export one neonate margay (*Leopardus wiedii*) born 1/9/97 to Canada and reimport to the United States. The 30-day public comment period required by section 10(c) of the Endangered Species Act was waived. The Service determined that an emergency affecting the survival of the margay existed and that no reasonable alternative was available to the applicant. This animal was at risk because of the need to remove the animal from its mother due to weather extremes and lack of care and the need for constant care by experienced personnel during the initial 6 weeks of life.

Dated: January 24, 1997.

Caroline Anderson,

Acting Chief, Branch of Permits, Office of Management Authority.
