existing requirements previously promulgated by OSM will be
implemented by the State. In making the
determinations as to whether this rule
would have a significant economic
impact, the Department relied upon the
data and assumptions for the
counterpart Federal regulations.

Unfunded Mandates
This rule will not impose a cost of
$100 million or more in any given year
on any governmental entity or the
private sector.

List of Subjects in 30 CFR Part 920

Intergovernmental relations, Surface
mining, Underground mining.

Dated: January 24, 1997.

Ronald C. Recker,
Acting Regional Director, Appalachian
Regional Coordinating Center.

BILLING CODE 4310–05–M

30 CFR Part 938

[PA–117–FOR]

Pennsylvania Regulatory Program

AGENCY: Office of Surface Mining
Reclamation and Enforcement (OSM),
Interior.

ACTION: Proposed rule; public comment
period and opportunity for public hearing.

SUMMARY: OSM is announcing the receipt of a proposed amendment to the
Pennsylvania program (hereinafter referred to as the Pennsylvania program) under the
Surface Mining Control and Reclamation Act of 1977 (SMCRA). The proposed amendment (Administrative Record Number PA 843.00) revises the Pennsylvania program to incorporate changes made to Chapter 86 (relating to areas unsuitable for mining) by the Pennsylvania Environmental Quality Board. The proposed amendment is intended to clarify ambiguous language contained in Subchapter D concerning the designation of areas as unsuitable for mining, and to correct typographical errors.

DATES: Written comments must be
received by 4 p.m., e.s.t. March 3, 1997.
If requested, a public hearing on the
amendment will be held on February
24, 1997. Requests to speak at the hearing must be received by 4:00 p.m., e.s.t. on February 14, 1997.

ADDRESSES: Written comments and
requests to speak at the hearing should be mailed or hand delivered to Robert
J. Biggi, Director, Harrisburg Field Office
at the address shown below.

Copies of the Pennsylvania program,
the proposed amendment, a listing of
any scheduled public hearings, and all
written comments received in response
to this document will be available for
public review at the addresses listed
below during normal business hours,
Monday through Friday, excluding
holidays. Each requestor may receive
one free copy of the proposed
amendment by contacting OSM’s
Harrisburg Field Office. Any disabled
individual who has need for a special
accommodation to attend a public
hearing should contact the individual
listed under FOR FURTHER INFORMATION CONTACT.

Robert J. Biggi, Director, Office of
Surface Mining Reclamation and
Enforcement, Harrisburg Field Office,
Harrisburg Transportation Center,

FOR FURTHER INFORMATION CONTACT:
Robert J. Biggi, Director, Harrisburg
Field Office, (717) 782–4036.

SUPPLEMENTARY INFORMATION:

I. Background on the Pennsylvania
Program

On July 31, 1982, the Secretary of the
Interior conditionally approved the
Pennsylvania program. Background
information on the Pennsylvania
program including the Secretary’s
findings, the disposition of comments,
and a detailed explanation of the
conditions of approval of the
Pennsylvania program can be found in the
July 30, 1982, Federal Register (47
FR 33050). Subsequent actions concerning the conditions of approval
and program amendments are identified
at 30 CFR 938.11, 938.12, 938.15 and
938.16.

II. Discussion of Amendment

By letter dated December 19, 1996
(Administrative Record Number PA
843.00), Pennsylvania submitted
amendments to the regulations in the
Pennsylvania program concerning
designating areas unsuitable for coal
surface mining. The amendments are
intended to clarify ambiguous language
contained in Subchapter D concerning
the designation of areas as unsuitable
for mining, and to correct typographical
errors.

The proposed amendments are as
follows:
At § 86.101, in the definition of
“fragile lands” two citations of the State
Surface Mining Conservation and
Reclamation Act are being amended.
At § 86.101, in the definition of
“surface mining activities” the term that
is being defined, “surface mining
activities” is being changed to read
“surface mining operations.”
In various places, the term “surface
mining activities” and “surface mining
activity” are being amended to read
“surface mining operations” and
“surface mining operation,” respectively.
In various places the word “surface”
is being added to clarify that the term
“surface mining operations” is
intended.
In various places the word “activities” is being replaced by the phrase “surface mining operations.”
At § 86.121(a) the citation for the State Surface Mining Conservation and
Reclamation Act is being amended.
At § 86.130 (a) and (b), the word “all or
certain types of” are being added to
clarify that § 86.130 pertains to areas
designated as unsuitable for all or
certain types of surface mining
operations.

Various other typographical,
grmatical, style, and organizational
name changes are being made
throughout the amendment.

III. Public Comment Procedures

In accordance with the provisions of
30 CFR 732.17(h), OSM is now seeking
comment on whether the amendments
proposed by Pennsylvania satisfy the
applicable program approval criteria of
30 CFR 732.15. If the amendments are
deemed adequate, they will become part of
the Pennsylvania program.

Written Comments

Written comments should be specific,
pertain only to the issues proposed in this
rulemaking, and include explanations in support of the
commenter’s recommendations.

Comments received after the time
indicated under DATES or at locations
other than the Harrisburg Field Office
will not necessarily be considered in the
final rulemaking or included in the
administrative record.

Public Hearing

Persons wishing to speak at the public
hearing should contact the person listed
under FOR FURTHER INFORMATION CONTACT by 4 p.m., e.s.t. on February 14, 1997.
Filing of a written statement at the time of the hearing is requested as it will greatly assist the transcriber. Submission of written statements in advance of the hearing will allow OSM officials to prepare adequate responses and appropriate questions.

The public hearing will continue on the specified date until all persons scheduled to speak have been heard. Persons in the audience who have not been scheduled to speak, and wish to do so, will be heard following those who have been scheduled. The hearing will end after all persons scheduled to speak and persons present in the audience who wish to speak have been heard.

Public Meeting

If only one person requests an opportunity to speak at a hearing, a public meeting, rather than a public hearing, may be held. Persons wishing to meet with OSM representatives to discuss the proposed amendment may request a meeting by contacting the person listed under FOR FURTHER INFORMATION CONTACT. All such meetings will be open to the public and, if possible, notices of meetings will be posted at the locations listed under ADDRESSES. A written summary of each meeting will be made a part of the Administrative Record.

IV. Procedural Determinations

Executive Order 12866

This rule is exempted from review by the Office of Management and Budget (OMB) under Executive Order 12866 (Regulatory Planning and Review).

Executive Order 12988

The Department of the Interior has conducted the reviews required by section 3 of Executive Order 12988 (Civil Justice Reform) and has determined that, to the extent allowed by law, this rule meets the applicable standards of subsections (a) and (b) of that section. However, these standards are not applicable to the actual language of State regulatory programs and program amendments since each such program is drafted and promulgated by a specific State, not by OSM. Under sections 503 and 505 of SMCRA (30 U.S.C. 1253 and 1255) and 30 CFR 730.11, 732.15, and 732.17(h)(10), decisions on proposed State regulatory programs and program amendments submitted by the States must be based solely on a determination of whether the submittal is consistent with SMCRA and its implementing Federal regulations and whether the other requirements of 30 CFR Parts 730, 731, and 732 have been met.

No environmental impact statement is required for this rule since section 702(d) of SMCRA (30 U.S.C. 1292(d)) provides that agency decisions on proposed State regulatory program provisions do not constitute major Federal actions within the meaning of section 102(2)(C) of the National Environmental Policy Act (42 U.S.C. 4332(2)(C)).

Paperwork Reduction Act

This rule does not contain information collection requirements that require approval by OMB under the Paperwork Reduction Act (44 U.S.C. 3507 et seq.).

Regulatory Flexibility Act

The Department of the Interior has determined that this rule will not have a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.). The State submittal which is the subject of this rule is based upon corresponding Federal regulations for which an economic analysis was prepared and certification made that such regulations would not have a significant economic impact upon a substantial number of small entities. Accordingly, this rule will ensure that existing requirements previously promulgated by OSM will be implemented by the State. In making the determination as to whether this rule would have a significant economic impact, the Department relied upon the data and assumptions for the corresponding Federal regulations.

Unfunded Mandates

This rule will not impose a cost of $100 million or more in any given year on any governmental entity or the private sector.

BILLING CODE 4310-05-M

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[MA014-7195b; FRL-5682-1]

Approval and Promulgation of Air Quality Implementation Plans; Massachusetts: Enhanced Motor Vehicle Inspection and Maintenance Program

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed interim rule.

SUMMARY: EPA is proposing a conditional interim approval and in the alternative, disapproval of a State Implementation Plan (SIP) revision submitted by the Commonwealth of Massachusetts on March 27, 1996. This submittal is a supplement to the original enhanced inspection and maintenance submittal by the Commonwealth of Massachusetts on December 23, 1994. This revision establishes and requires the implementation of a statewide enhanced inspection and maintenance (I/M) program. EPA is proposing a conditional approval because the Commonwealth's SIP revision is deficient with respect to several requirements of the CAA and/or EPA's I/M program regulatory requirements.

DATES: Comments must be received on or before March 3, 1997.

ADDRESSES: Comments may be mailed to Susan E. Studlien, Deputy Director, Office of Ecosystem Protection (CAA), United States Environmental Protection Agency, JFK Federal Building, Boston, MA 02203. Copies of the documents relevant to this action are available for public inspection by appointment during normal business hours at the U.S. EPA, One Congress Street, Boston MA 02203.

FOR FURTHER INFORMATION CONTACT: Peter X. Hagerty, (617) 565-3571.
