Federal Register

Vol. 62, No. 23

Tuesday, February 4, 1997

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

## DEPARTMENT OF AGRICULTURE

### Forest Service

#### Western Washington Cascades Province Interagency Executive Committee (PIEC) Advisory Committee

**AGENCY:** Forest Service, USDA.

**ACTION:** Notice of meeting.

**SUMMARY:** The Western Washington Cascades PIEC Advisory Committee will meet on February 27, 1997 at the Mount Baker-Snoqualmie National Forest Headquarters, 21905 64th Avenue West, in Mountlake Terrace, Washington. The meeting will begin at 9:00 a.m. and continue until about 4:00 p.m. Agenda items to be covered include: (1) discussion of logistics, operating procedures, and expected accomplishments under the renewed charter; (2) updates on watershed analyses completed or in progress, Adaptive Management Area plans, the Mt. Baker-Snoqualmie National Forest fiscal year 1997 flood repair and watershed restoration program, and other current issues; (3) update on the River Basin Information Management framework project begun under the auspices of the previous Advisory Committee, and a demonstration of the Environmental Protection Agency's Environmental Information Management System (EIMS); (4) planned review and revision of the Mt. Baker-Snoqualmie National Forest monitoring and evaluation strategy; and, (5) open public forum. All Western Washington Cascades Province Advisory Committee meetings are open to the public. Interested citizens are encouraged to attend.

**FOR FURTHER INFORMATION CONTACT:** Direct questions regarding this meeting to Chris Hansen-Murray, Province Liaison, USDA, Mt. Baker-Snoqualmie National Forest, 21905 64th Avenue West, Mountlake Terrace, Washington 98043, 206-744-3276.

Dated: January 28, 1997.  
Dennis E. Bschor,  
*Forest Supervisor.*

## DEPARTMENT OF COMMERCE

### International Trade Administration

[Docket No. A-427-812]

#### Calcium Aluminate Flux From France; Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of final results of antidumping duty administrative review.

**SUMMARY:** On August 2, 1996, the Department of Commerce (the Department) published the preliminary results of its 1994-95 administrative review of the antidumping duty order on calcium aluminate flux from France (CA flux) (61 FR 40396). The review covers one manufacturer/exporter, Lafarge Aluminate Flux, Inc. (Lafarge), for the period June 15, 1994, through May 31, 1995.

We gave interested parties an opportunity to comment on our preliminary results. On September 3, 1996, we received a case brief from the sole respondent, Lafarge. Based on our analysis of the comments received, we have made changes, primarily clerical in nature, to these final results.

**EFFECTIVE DATE:** February 4, 1997.

**FOR FURTHER INFORMATION CONTACT:** Maureen McPhillips or Linda Ludwig, Office of AD/CVD Enforcement, Group III, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone (202) 482-3019 or 482-3833, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On August 2, 1996, the Department published in the Federal Register (61 FR 40396) the preliminary results of the antidumping duty order on calcium aluminate flux from France (59 FR 30337). The Department has now completed this administrative review in

accordance with section 751 of the Tariff Act of 1930, as amended (the Tariff Act).

We received a case brief from the sole respondent, Lafarge, on September 3, 1996. The petitioners did not file a case brief.

#### Applicable Statute and Regulations

Unless otherwise stated, all citations to the Tariff Act are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Tariff Act by the Uruguay Round Agreements Act (URAA). In addition, unless otherwise indicated, all citations to the Department's regulations are to the current regulations, as amended by the interim regulations published in the Federal Register on May 11, 1995 (60 FR 25130).

#### Scope of the Review

Imports covered by this review are shipments of CA Flux, other than white, high purity CA flux. This product contains by weight more than 32 percent but less than 65 percent alumina and more than one percent each of iron and silica.

CA flux is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheading 2523.10.000. The HTSUS is provided for convenience and U.S. Customs' purposes only. The written description of the scope of this order remains dispositive. This review covers the period June 15, 1994 through May 31, 1995.

#### Analysis of Comments Received

*Comment 1:* Lafarge states that the Department in its computer program failed to convert two home market variables from metric tons to short tons to ensure accurate comparisons to the U.S. sales amounts in short tons. In addition, two variables expressed as amounts per short ton were incorrectly multiplied by the quantity expressed in metric tons.

*Department's Position:* As stated in our calculation memorandum, dated August 16, 1996, we intended to convert all home market sales variables from metric tons to short tons and have done so for these final results.

*Comment 2:* Lafarge contends that we used an incorrect variable when calculating total movement expenses.
