

This is our first finding under section 202(t) of the Social Security Act for the Former Yugoslav Republic of Macedonia. Before February 1994, the United States did not recognize the Former Yugoslav Republic of Macedonia as an independent nation. At that time, it was considered part of the former Yugoslavia which, on March 25, 1959, had been found to have a system that met section 202(t)(2) of the Social Security Act. Thus, prior to February 1994, Former Yugoslav Republic of Macedonia citizens were afforded the social insurance exception to the alien nonpayment provision based on the determination which was then in effect for Yugoslavia.

Minimum Requirements and Capabilities for Vessel Traffic Services

AGENCY: Coast Guard, DOT.

ACTION: Notice of public meeting.

SUMMARY: The Coast Guard is undertaking an effort to identify the minimum requirements and capabilities a Vessel Traffic Service (VTS) must have to serve its wide range of users and to develop criteria to identify ports requiring a VTS. This effort will form the basis for the Coast Guard to propose to Congress a viable production program for a VTS that takes advantage of available, off-the-shelf and open architecture systems that are

inexpensive and easy to build and operate. The Coast Guard has invited representatives of maritime and environmental organizations and members of the public to provide input on these topics. The first public meeting on these topics was held on January 15, 1997. Several additional public meetings are planned.

DATES: The Coast Guard will sponsor a public meeting to be held on February 11, 1997, from 9:00 a.m. to 5:00 p.m.

ADDRESSES: The meeting will be held at the Marine Board, National Academy of Sciences Foundry Building, 1055 Thomas Jefferson Street, NW, Washington, DC, in room 2004.
