SUPPLEMENTARY INFORMATION:

Title: June Agricultural Survey.
OMB Number: 0535-0089.

Expiration Date of Approval: July 31, 1999.

Type of Request: To revise a currently approved information collection.

Abstract: The primary objective of the National Agricultural Statistics Service is to prepare and issue state and national estimates of crop and livestock production. The June Agricultural Survey collects information on planted acreage for major crops, livestock inventories, and on-farm grain stocks. The survey establishes a base for estimating crop production and value for the remainder of the crop year. Information from this survey is used by government agencies in planning, farm policy analysis, and program administration. In order to maximize its utility, this information collection is being resubmitted to add acreage, equine, and computer ownership/usage questions and to eliminate selected cattle and hog questions. NASS will ask for OMB approval within 60 days of submitting the request.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 13 minutes per response.

Respondents: Farms.

Estimated Number of Respondents: 83,000.

Estimated Total Annual Burden on Respondents: 18,000 hours.

Copies of this information collection and related instructions can be obtained without charge from Larry Gambrell, the Agency OMB Clearance Officer, at (202) 720-5778.

Comments: Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, such as through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Larry Gambrell, Agency OMB Clearance Officer, U.S. Department of Agriculture, 1400 Independence Ave. SW, Room 4162 South Building, Washington, D.C. 20250-2000.
