SUPPLEMENTARY INFORMATION: Public Law 103-417, Section 12, authorized the establishment of a Commission on Dietary Supplement Labels whose seven members have been appointed by the President. The appointments to the Commission by the President and the establishment of the Commission by the Secretary of Health and Human Services reflect the commitment of the President and the Secretary to the development of a sound and consistent regulatory policy on labeling of dietary supplements.

The Commission is expected to evaluate how best to provide truthful, scientifically valid, and non-misleading information to consumers in order that

they may make informed health care choices for themselves and their families. The Commission's study report may include recommendations on legislation, if appropriate and necessary.

In addition, the Commission has requested further comments from several organizations that previously provided testimony and statements concerning (1) regulatory management of herbal remedies, and (2) possible use of third parties for evaluation of dietary supplement label claims. Oral statements and the required written statements of invited parties are to be restricted to additional views, data, and comments on these two topics.
