Approval and Promulgation of Implementation Plans; State of Tennessee and Memphis-Shelby County, Tennessee

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Tennessee and by Memphis-Shelby County for the purpose of establishing a federally enforceable state operating permit (FESOP) program and a federally enforceable local operating permit (FELOP) program. In order to extend the Federal enforceability of Tennessee's FESOP and Memphis-Shelby County's FELOP to hazardous air pollutants (HAP), EPA is also proposing approval of the State's FESOP and County's FELOP regulations pursuant to section 112 of the Clean Air Act as amended in 1990 (CAA). In the final rules section of this Federal Register, EPA is approving Tennessee's and Memphis-Shelby County's SIP revisions as a direct final rule without prior proposal because the Agency views this as noncontroversial

revision amendments and anticipates no adverse comments. A detailed rationale for the approvals is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. EPA will not institute a second comment period on this approval action. Any parties interested in commenting on this action should do so at this time.

DATES: To be considered, comments must be received by March 17, 1997.

ADDRESSES: Written comments should be addressed to: Gracy R. Danois, Air and Radiation Technology Branch, Air, Pesticides & Toxics Management Division, Region 4, Environmental Protection Agency, Atlanta Federal Center, 100 Alabama Street, SW., Atlanta, Georgia 30303.
