Proposed Collection; Comment Request

SUMMARY: In accordance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 which provides opportunity for public comment on new or revised data collections, the Railroad Retirement Board (RRB) will publish periodic summaries of proposed data collections.

Comments are invited on: (a) Whether the proposed information collection is necessary for the proper performance of the functions of the agency, including whether the information has practical utility; (b) the accuracy of the RRB's estimate of the burden of the collection of the information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden related to the collection of information on respondents, including the use of automated collection techniques or other forms of information technology.

Title and purpose of information collection: Employer's Deemed Service Month Questionnaire; OMB 3220-0156. Under Section 3(i) of the Railroad Retirement Act (RRA), the Railroad Retirement Board (RRB) may deem additional months of service in cases where an employee does not actually work in every month of the year. The RRB utilizes Form GL-99, Employers Deemed Services Month Questionnaire, to obtain service and compensation information from railroad employers needed to determine if an employee can be credited with additional deemed months of railroad service. Completion

is mandatory. One response is required for each RRB inquiry.

No changes are proposed to Form GL-99. The completion time for the GL-99 is estimated at 2 minutes per response. The RRB estimates that approximately 4,000 responses are received annually.
