

rulemaking have been directly affected by the flooding. Many more parties, including the public, and local, State, and Federal agencies wish to make comments on the proposed rule but have been preoccupied in flood water management operations and/or flood recovery activities. The Truckee-Carson Coordination Office has received many written requests for extension, all citing the floods as affecting the time they have available to review the proposed rule and provide comments. An additional 60 days would allow all interested parties to review the proposed rule and supplemental information, and prepare and submit comments.

AGENCY: Federal Communications Commission.

ACTION: Proposed rule; extension of reply comment deadline.

SUMMARY: The Commission granted a two-week extension of the deadline to file reply comments in the above-cited dockets in response to a request filed by the Media Access Project (MAP) on behalf of a number of other organizations. The deadline to file reply comments in these proceedings is now March 21, 1997. The Commission determined that a brief extension of the reply comment deadline was warranted to facilitate the development of a full record, but declined to grant a longer extension of the reply comment deadline or to extend the deadline for filing initial comments as requested by MAP. The intended effect of this action is to allow the parties additional time to review the initial comments filed in these proceedings and to prepare reply comments responding to the issues raised in the initial comments.

EFFECTIVE DATE: Reply comments are now due by March 21, 1997.

Synopsis of Order Extending Time for Filing Reply Comments

1. On November 5, 1996, the Commission adopted three related rulemaking items regarding national and local ownership of television stations and attribution of broadcast and cable/MDS ownership interests. *Notice of Proposed Rule Making*, 61 FR 66987 (December 19, 1996) in MM Docket Nos. 96-222, 91-221, and 87-8, FCC 96-437 (released November 7, 1996) (national ownership proceeding); *Second Further Notice of Proposed Rule Making*, 61 FR 66978 (December 19, 1996) in MM Docket Nos. 91-221 and 87-8, FCC 96-438 (released November 7, 1996) (local ownership proceeding); *Further Notice of Proposed Rule Making*, 61 FR 67275 (December 20, 1996) in MM Docket Nos. 94-150, 92-51, and 87-154, FCC 96-436 (released November 7, 1996) (attribution proceeding). Comments in all three of these proceedings are currently due by February 7, 1997, and reply comments are currently due by March 7, 1997. In addition, on September 17, 1996, the Commission adopted a *Notice of Inquiry*, 61 FR 53694 (October 15, 1996) regarding its policy for waiving its newspaper/radio cross ownership restriction. *Notice of Inquiry* in MM Docket 96-197, 11 FCC Rcd 13003 (1996). Comments in that proceeding were initially due to be filed by December 9, 1996, and reply comments by January 8, 1997. By Order released December 5, 1996, the Commission extended the comment and reply comment deadlines in that proceeding to coincide with the comment and reply comment deadlines in the national ownership, local ownership, and attribution proceedings. In so doing, the Commission reasoned that the issues raised in the newspaper/radio cross ownership proceeding were similar to those raised in the other three rulemaking proceedings, and that it was appropriate that the four proceedings share the same comment and reply
