Columbia states that the purpose of this filing is to comply with the Commission's January 16, 1997 order in this proceeding. See *Columbia Gas Transmission Corp.*, 78 FERC ¶61,030 (1997). Therein the Commission held that Columbia's General Terms and Conditions (GTC) Section 4 (Auctions of Available Firm Service) of the Tariff be clarified to reflect its application to not only existing capacity that becomes available as a result of terminating firm service agreements, but also to that existing capacity which otherwise becomes available. Consequently, Columbia has clarified this application of Section 4 by adding language to Section 4.2 which governs the award of such capacity.

All such protests must be filed as provided in Section 154.210 of the Commission Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies

of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
