BILLING CODE 6617 01-M

**[Docket No. RP97-248-001]**

**Northern Natural Gas Company; Notice of Proposed Changes in FERC Gas Tariff**

February 12, 1997.

Take notice that on February 7, 1997, Northern Natural Gas Company (Northern), tendered for filing changes in its FERC Gas Tariff, Fifth Revised Volume No. 1, the following tariff sheets, proposed to be effective March 1, 1997:

*Fifth Revised Volume No. 1*

12 Revised Sheet No. 59

14 Revised Sheet No. 60

On January 31, 1997, Northern filed in Docket No. RP97-248-000 to recover costs relating to take-or-pay, pricing or other contract provisions, and buyout, buydown or reformation costs pursuant to the Commission's Order No. 528. Tariff Sheet Nos. 59 and 60 were inadvertently excluded from the filing. The reason for this filing is to file Sheet Nos. 59 and 60 which had been mistakenly omitted from the January 31, 1997 filing in Docket No. RP97-248-000.

Northern states that copies of this filing were served upon the Company's customers and interested state commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Section 385.211 of the Commission's Rules and Regulations. All such protests must be filed in accordance with Section 154.210 of the Commission's Regulations. Protests will be considered by the Commission in determining the appropriate action to be taken in this proceeding, but will not serve to make protestant a party to the proceedings. Copies of this filing are on file with the Commission and are available for inspection.

Lois D. Cashell,  
*Secretary.*

BILLING CODE 6717-01-M

**[Docket No. RP85-60-010]**

**Overthrust Pipeline Company; Notice of Report of Refunds**

February 12, 1997.

Take notice that on February 4, 1997, Overthrust Pipeline Company (Overthrust) tendered for filing a refund report. Overthrust states that the report documents refunds of amounts pertaining to and detailing the Deferred Income Tax (DIT) refund payments for the year 1996.

Overthrust states that it is filing the refund report pursuant to a Commission order dated May 21, 1991, "Order Approving Settlement with Modifications" in Docket Nos. RP85-60-000 and -002. Overthrust explains that Article V of the settlement as modified, requires Overthrust to file an annual report 60-days after making the actual DIT refunds.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's Regulations. All such protests should be filed on or before February 20, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection.

Lois D. Cashell,

BILLING CODE 6717-01-M

**[Docket No. CP97-221-000]**

**Texas Gas Transmission Company; Notice of Petition to Amend**

February 12, 1997.

Take notice that on January 31, 1997, Texas Gas Transmission Company, (Texas Gas), Post Office Box 20008, Owensboro, Kentucky 42304, filed in Docket No. CP97-221-000, a petition to amend the certificate of public convenience and necessity issued on June 2, 1980 in Docket No. CP80-196, pursuant to Section 7(c) of the Natural Gas Act (NGA), and Part 157 of the Federal Energy Regulatory Commission's (Commission) regulations, to construct and operate facilities at the Midland No. 3 Compressor Station located at the Midland Gas Storage Field in Muhlenberg County, Kentucky, all as more fully set forth in the application

which is on file with the Commission and open to public inspection.

Texas Gas seeks to increase the horsepower at its Midland No. 3 Compressor Station by uprating the currently installed Cooper Bessemer GMVH-10M engine. Specifically, Texas Gas would increase the maximum horsepower output from 2,250 horsepower to 2,610 horsepower at 40 degrees Fahrenheit and below. Texas Gas avers that the additional horsepower will aid Texas Gas in meeting peak day requirements but will not increase the maximum daily withdrawal capability at the Midland Gas Storage field.

Any person desiring to be heard or to make any protest with reference to said application should on or before March 5, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by section 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Texas Gas to appear or be represented at the hearing.

Lois D. Cashell,

*Secretary.*
