SUPPLEMENTARY INFORMATION:

Title: CSREES/National Research Initiative Competitive Grants Program.

OMB Number: 0524-0033.

Expiration Date of Approval: June 30, 1997.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: USDA/CSREES administers the NRICGP, under which competitive, peer-reviewed research grants of a high-priority nature are awarded. This program is authorized pursuant to the authorities contain in section 2(b) of the Act of August 4, 1965, as amended by section 1615 of the Food, Agriculture, Conservation, and Trade Act of 1990 (FACT Act) (7 U.S.C. 450i(b)) (1965 Act, as amended).

Before awards can be made, certain information is required from applicants as part of an overall proposal package. In addition to project summaries, descriptions of the research, literature reviews, curricula vitae of principal investigators, and other, relevant technical aspects of the proposed project, supporting documentation of an administrative and budgetary nature also must be provided. Because of the nature of the competitive, peer-reviewed process, it is important that information from applicants be available in a standardized format to ensure equitable treatment.

Each year, an NRICGP solicitation is issued requesting proposals for various research areas. Applicant submit proposals for these various research areas following the format outlined in the yearly Program Description. These proposals are evaluated by peer review panels and awarded on a competitive basis.

The NRICGP has been using the "Application Kit" (OMB Approval 0525-0022) developed for general CSREES use since the inception of the NRICGP in Fiscal Year 1991. This kit includes the necessary forms and instructions to applicants requesting support under various competitive and noncompetitive funding programs sponsored by CSREES. In 1994, the NRICGP sought and received approval of three forms specific to the needs of the NRICGP, including one form used by CSREES for meeting the compliance requirements of the National Environmental Policy Act of 1969.

Forms CSREES-1232, "Project Summary," CSREES-1233, "Conflict of Interest," and CSREES-1234, "National Environmental Policy Act Exclusions Form" are mainly used for proposal evaluation and administration. While some of the information will be used to respond to inquiries from Congress and other government agencies, the forms are not designed to be statistical surveys
