Title: CCC's Export Enhancement Program (EEP).

OMB Number: 0551-0028.

Expiration Date of Approval: June 30, 1997.

Type of Request: Extension and revision of a currently approved information collection.

Abstract: The major objectives of the EEP are to expand U.S. agricultural exports and to challenge unfair trade practices by paying cash to exporters as bonuses, allowing them to sell U.S. agricultural products in targeted countries at competitive prices. At the current time, more than 87 countries and 5 country regions are targeted export destinations under the program and more than 311 exporters are eligible to participate. Under 7 CFR part 1494, exporters are required to submit the following: (1) information required for program participation (section 1494.301), (2) performance security (section 1494.401), (3) export sales information in connection with applying for a CCC bonus (section 1494.501), (4) evidence of export and related information (section 1494.701), and (5) evidence that the eligible commodity entered into the eligible country (section 1494.401). In addition, each exporter must maintain accurate records showing sales and deliveries of the eligible commodity exported in connection with an agreement made under the EEP as outlined in section 1494.1001. The information collected is used by CCC to manage, plan for and evaluate the use of, and account for Government resources. The reports and records are required to ensure the proper and judicious use of public funds.

Estimate of Burden: The public reporting burden for these collections is estimated to average .3535 hours per response.

Respondents: U.S. exporters of U.S. agricultural commodities, U.S. banks or other financial institutions, producer associations, U.S. export trade associations, and U.S. Government agencies.

Estimated Number of Respondents: 40 per annum.

Estimated Total Annual Burden of Respondents: 1,965.46 hours.
