Acid Rain Program: Draft Permits and Permit Modifications

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of draft permits and permit modifications.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is issuing for comment draft Phase I Acid Rain permits and permit modifications including nitrogen oxides (NO_x) compliance plans in accordance with the Acid Rain Program regulations (40 CFR parts 72 and 76). Because the Agency does not anticipate receiving adverse comments, the permits and permit modifications are also being issued as a direct final action in the notice of permits and permit modifications published elsewhere in today's Federal Register.

DATES: Comments on the draft permits and permit modifications must be received no later than March 26, 1997 or 30 days after the date of publication of a similar notice in a local newspaper, whichever is later.

ADDRESSES: *Administrative Records.* The administrative record for the permits, except information protected as confidential, may be viewed during normal operating hours at the following locations: for plants in Connecticut, EPA Region 1, JFK Building, One Congress Street, Boston, MA, 02203; for plants in Iowa, Kansas, Missouri, and Nebraska, EPA Region 7, 726 Minnesota Ave., Kansas City, KS, 66101; and for plants in Oregon, EPA Region 10, 1200 Sixth Avenue (AT-082), Seattle, Washington, 98101.

Comments. Send comments, requests for public hearings, and requests to receive notices of future actions to: for plants in Connecticut, EPA Region 1, Air, Pesticides and Toxics Management Division, Attn: Ian Cohen (address above); for plants in Iowa, Kansas, Missouri, and Nebraska, EPA Region 7, Air, RCRA, and Toxics Division, Attn: Jon Knodel (address above); and for plants in Oregon, EPA Region 10, Air and Toxics Division, Attn: Joan Cabreza (address above). Submit comments in duplicate and identify the permit to which the comments apply, the commenter's name, address, and telephone number, and the commenter's interest in the matter and affiliation, if any, to the owners and operators of all units in the plan. All timely comments will be considered, except those pertaining to standard provisions under 40 CFR 72.9 or issues not relevant to the permit or the permit modification.

Hearings. To request a public hearing, state the issues proposed to be raised in the hearing. EPA may schedule a hearing if EPA finds that it will contribute to the decision-making process by clarifying significant issues affecting a NO_x compliance plan.

FOR FURTHER INFORMATION CONTACT: For plants in Connecticut, call Ian Cohen, (617) 565-3568; for plants in Iowa, Kansas, Missouri, and Nebraska, call Jon Knodel, (913) 551-7622; and for plants in Oregon, call Joan Cabreza (206) 553-8505.

SUPPLEMENTARY INFORMATION: If no significant, adverse comments are timely received, no further activity is contemplated in relation to these draft permits and draft permit modifications and the permits and permit modifications issued as a direct final action in the notice of permits and permit modifications published elsewhere in today's Federal Register will automatically become final on the date specified in that notice. If significant, adverse comments are timely received on any permit or permit modification, that permit or permit modification in the notice of permits and permit modifications will be withdrawn and public comment received on that permit or permit modification based on this notice of draft permits and permit modifications will be addressed in a subsequent notice of permit or permit modification. Because the Agency will not institute a second comment period on this notice of draft permits and permit modifications, any parties interested in commenting should do so during this comment period.

For further information and a detailed description of the permits and permit modifications, see the information provided in the notice of permits and permit modifications elsewhere in today's Federal Register.

Dated: February 14, 1997.
