Description of the need for the information and the proposed use: The data compiled from the information collected is a management tool which assists HUD in monitoring, evaluating and comparing the performance and servicing practices of HUD-approved mortgagees.

Members of affected public: Business or other for-profit.

An estimation of the total numbers of hours needed to prepare the information collection is 24,000, number of respondents is 4,000, frequency of response is monthly and the hours per response is .5.

Status of the proposed information collection: Extension of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: February 19, 1997.
