

The period from 8:30 a.m. to approximately 1:30 p.m., with appropriate breaks, will be set aside on Tuesday, March 25 to hear presentations from sponsors or proponents of maglev projects such as those mentioned in the conference report. Any such project, in order to be considered, should be based on full scale high-speed maglev technology capable of near term application. Sponsors or proponents of projects representing low speed applications, or projects where there is no evidence of public sector interest, should not apply for permission to give a presentation. Sponsors or proponents of projects representing tests of technologies that are not yet fully developed may contact Mr. Harding to discuss whether a presentation would be appropriate.

Persons interested in giving a presentation should contact John Harding, of the Federal Railroad Administration (phone: 202 632-3387/ fax: 202 632-3854) in order to be given a time on the scheduled program. Presentations will not be accepted on a "walk in" basis, although, if there is sufficient time, there may be opportunity for comments from the public other than in the scheduled presentations.

Presentations should contain information describing the project, public and private sponsorship, any studies of revenues, costs, and benefits, proposed means of financing, and national significance. Facilities for overhead and 35mm slide projection will be provided. Twelve hard copies of the presentation and accompanying literature should be provided by the presenter for use of the MSAC and staff.

Issued in Washington, D.C. on February 14, 1997.

Jolene M. Molitoris,
Administrator.

Office of Hazardous Materials Safety; Notice of Applications for Modification of Exemptions or Applications to Become a Party to an Exemption

AGENCY: Research and Special Programs Administration, DOT.

ACTION: List of applications for modification of exemptions or applications to become a party to an exemption.

SUMMARY: In accordance with the procedures governing the application

for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49 CFR Part 107, Subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the sections affected, modes of transportation, and the nature of application have been shown in earlier Federal Register publications, they are not repeated here. Requests for

modifications of exemptions (e.g. to provide for additional hazardous materials, packaging design changes, additional mode of transportation, etc.) are described in footnotes to the application number. Application numbers with the suffix "M" denote a modification request. Application numbers with the suffix "P" denote a party to request. These applications have been separated from the new

applications for exemptions to facilitate processing.

DATES: Comments must be received on or before March 12, 1997.

ADDRESS COMMENTS TO: Dockets Unit, Research and Special Programs Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in

DEPARTMENT OF THE TREASURY

Internal Revenue Service

[Project No. TIRNO-97-R-00018]

**Proposed Establishment of a Federally
 Funded Research and Development
 Center**

AGENCY: Internal Revenue Service (IRS), Treasury.

ACTION: Notice of intent.

SUMMARY: The Internal Revenue Service (IRS) intends to sponsor a Federally Funded Research and Development Center (FFRDC) to provide system engineering and technical assistance along with strategic advice and guidance. Also required will be technical management capabilities to facilitate the operation and modernization of Tax Systems. The FFRDC will be established under the authority of 48 CFR Subpart 35.017 and Office of Federal Procurement Policy Letter 84-1. The FFRDC shall provide technical advice and assistance to the IRS and/or its contractors in the areas of program and project management. This will consist of expert advice/guidance focused on increasing the effectiveness and efficiency of strategic information management and technical activities. The FFRDC will be available for IRS's Chief Information Officer (CIO) or the CIO's designees or Department of the Treasury executive support. Examples of this support may include, but are not limited to the following:—Information Systems (IS) input to business case development—Business Process Analysis—IS management and oversight
