

standards for hazardous air pollutants (NESHAP) implementing section 112 and solid waste combustion regulations implementing section 129 of the Act, and may review and make recommendations for revising and developing new source performance standards (NSPS) under section 111 of the Act. The recommendations will cover boilers, process heaters, industrial/commercial and other incinerators, stationary internal combustion engines, and stationary combustion turbines.

The lists of Coordinating Committee and Work Group members are available from the TTN for the purpose of giving the public the opportunity to contact members to discuss concerns or information they would like to bring forward during the ICCR process.

The next meeting of the Coordinating Committee will be held March 19 and 20, 1997 in Chicago, Illinois at the Hotel Inter-Continental located at 505 North Michigan Avenue, Chicago, Illinois from about 8:30 a.m. to about 6:00 p.m. on both days; an evening session may be held on March 19, if necessary, to ensure completion of the agenda. The agenda for this meeting will include reports from the Work Groups on their progress and planning, discussion of data gathering efforts to support the ICCR, and a discussion of direction and guidance from the Coordinating Committee to the Work Groups. This meeting will also be open to the public, and an opportunity will be provided for the public to offer comments and address the Coordinating Committee.

It is anticipated that the next meeting of the Coordinating Committee, following the meeting in March, will be May 21 and 22, 1997 in Research Triangle Park, North Carolina.
