Prineville District; Closure of Public Lands; Oregon

February 12, 1997.

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice is hereby given that, effective immediately, the area legally described below is closed to use of all motorized vehicles (including but not limited to off-road vehicles and snowmobiles) yearlong. Also, the area legally described below is closed to use of all motorized equipment (including but not limited to chainsaws) from March 1 to August 31 annually.

Legal Description

This closure applies to the area located in Township 21 South, Range 10 East, Section 6, South half of the Southwest quarter; Section 6, Southeast quarter; Section 6, Southwest quarter of the Northeast quarter; and Section 7, North half of the Northwest quarter.

The area described above is closed to all motorized vehicle use yearlong. The area described above is closed seasonally to use of all motorized equipment from March 1 to August 31. The purpose of this closure is to protect

wildlife resources. More specifically, this closure is ordered to reduce disturbance and habitat destruction to nesting pairs of great gray owl and northern goshawk within the nest stand. Great gray owl and northern goshawk (Bureau sensitive species) are extremely sensitive to disturbance within the nest stand during the time period described above. Suitable nesting habitat for these species is currently very limited within the La Pine management area. Current uses at the site jeopardize the persistence and nesting success of these species in this area. Exemptions to this closure order may be made on a case-by-case basis as approved by the authorized officer. This emergency order will be evaluated in the Urban Interface Plan Amendment to the 1989 Brothers/La Pine Resource Management Plan. The authority for this closure is 43 CFR 8364.1: Closure and restriction orders.
