Mining Claims Under the General Mining Laws; Surface Management

AGENCY: Bureau of Land Management, Interior.

ACTION: Final rule.

SUMMARY: The Bureau of Land Management (BLM) is amending its surface management regulations at 43 CFR subpart 3809. The final rule requires submission of financial guarantees for reclamation of all hardrock mining operations greater than casual use, increases the types of financial instruments acceptable to satisfy the requirement for a financial guarantee, and amends the noncompliance section of the regulations to require the filing of plans of operations by operators who have a record of noncompliance. In addition, the final rule removes section 3809.1-8 on existing operations, which is no longer applicable, because all activities that were in operation in 1980 and continue in operation have now complied with this section.

EFFECTIVE DATE: March 31, 1997.

ADDRESSES: Inquiries or suggestions should be sent to the Solid Minerals Group at Director (320), Bureau of Land Management, Room 501 LS, 1849 C Street, N.W., Washington, D.C. 20240.

FOR FURTHER INFORMATION CONTACT: Richard Deery, (202) 452-0350.

SUPPLEMENTARY INFORMATION: On July 11, 1991 (56 FR 31602), BLM published a proposed rule to require submission of financial guarantees for reclamation for all hardrock mining operations greater than casual use, to designate additional financial instruments that would satisfy the requirement for a financial guarantee, and to amend the noncompliance section of the regulations to require the filing of plans of operations by operators who have a record of noncompliance. The extended 90-day comment period expired on October 9, 1991. The BLM received 218 comments on the proposed rule, including 3 citizen-petitions with numerous signatures. Of these comments, 58 were from public interest groups, 51 were from business entities or associations, 22 were from government agencies, and 135 were from individuals, not including the petitions.
