POSTAL RATE COMMISSION

[Parcel Classification Reform Docket No. MC97-2]

Notice of Request for Changes in Domestic Mail Classification Schedule Provisions and Rates for Parcel Services and Order Instituting Proceedings

Issued February 24, 1997.

Before Commissioners: Edward J. Gleiman, Chairman; H. Edward Quick, Jr., Vice Chairman; George W. Haley; W.H. "Trey" LeBlanc III.

Notice is hereby given that on February 21, 1997, the United States Postal Service filed a Request with the Postal Rate Commission pursuant to § 3623 of the Postal Reorganization Act, 39 U.S.C. §§ 101 et seq., for a recommended decision on proposed changes in the Domestic Mail Classification Schedule (DMCS). The proposed revisions also include proposed new rates and fees. The Request includes attachments and is supported by the testimony of 13 witnesses and 46 library references. It is on file in the Commission Docket Room and is available for inspection during the Commission's regular business hours.

Contents of the Filing

The Service's Request incorporates significant changes in mail classification affecting parcels in the following subclasses of Standard Mail: Single Piece, Regular, Enhanced Carrier Route, Parcel Post, and Bound Printed Matter. The following summarizes the proposed classification changes on a subclass-by-subclass basis:

Single Piece

- Introduction of a parcel return service with rates below those currently applicable to returned single pieces.
- Introduction of a new forwarding service.

Regular Presort and Enhanced Carrier Route

- Establishment of a surcharged rate category for parcel-shaped items.

Parcel Post

- Re-introduction of a charge for bulky, lighter-weight parcel post.
- Adoption of an increase in the maximum permissible parcel size.
- Introduction of discounts for BMC presort and origin BMC entry.
- Introduction of discounts for DSCF entry combined with five-digit presort.
- Introduction of a discount for destination delivery unit entry.

Bound Printed Matter

- Adoption of an increase in the maximum weight limit.

The Postal Service Request also proposes changes that would apply across several different mail classifications. For all categories of Standard Mail weighing 16 ounces or more, the Service proposes:

- Introduction of prebarcode discounts; and

- Introduction of a delivery confirmation service using barcoded peel-off labels.

The Service also proposes the introduction of bulk rates tied to electronically-transmitted information for users of the Insurance special service who send First-Class, Priority, Parcel Post, Bound Printed Matter, Special, and Library Mail. Finally, the Service requests establishment of surcharges for hazardous medical materials and other mailable hazardous materials contained in First-Class, Priority, Express Mail, Standard Single Piece, Regular, Enhanced Carrier Route, and Parcel Post parcels.

In addition to proposed changes in mail classification, the Postal Service Request incorporates proposed adjustments in current postal rates and fees. The Service proposes revisions in Parcel Post rates to reflect revisions in transportation and processing cost information, and in the DBMC discounts available for Parcel Post to reflect current cost data. The Service also proposes to increase the fee for the pickup service available for Express Mail, Priority Mail, and Parcel Post.

Effect on Net Revenue

Unlike the Postal Service's earlier classification reform requests in Docket Nos. MC95-1 and MC96-2, its proposal in this docket is not intended to have a neutral effect on its overall net revenue. The Postal Service estimates that if its proposals in this docket were in effect throughout FY 1997, they would increase system revenues by \$90.8 million while decreasing system costs by \$35.4 million, for a net increase in system revenue of \$126.2 million. USPS-T-1 at 7.

Cost and Roll-Forward Methodologies

In the past, interim Postal Service filings used the same base year and test year that were used in the most recent omnibus rate proceeding. This provided a consistent basis for comparing the cost and revenue effects of proposed interim changes with the cost and revenue effects of the general rate and classification schedules in place. In this interim filing, evaluation of the Postal Service's proposed changes is complicated by use of a base year (FY 1995) and a test year (FY 1997) that were not used to evaluate the rate and classification schedules emanating from Docket Nos. R94-1, MC95-1 and MC96-2. The Service's filing also develops base year costs solely by the methods that the Postal Service uses in its own Cost and Revenue Analysis Report (CRA). It does not follow the Commission's approved costing

methods as far as practical, as the Postal Service's filing did in Docket No. MC93-1, nor does it describe and explain its departures from them, as the Postal Service's filing did in the last omnibus rate proceeding, Docket No. R94-1. Direct Testimony of Richard Patelunas on Behalf of the United States Postal Service, USPS-T-5, at 5-8.

Proposed DMCS Provisions

The Postal Service's Request proposes changes in the current Domestic Mail Classification Schedule (DMCS), which was extensively revised as the result of the first mail classification reform proceeding, Docket No. MC95-1. The DMCS is codified at 39 CFR Part 3001, Subpart C, Appendix A. In Attachment A to its Request, the Postal Service displays the changes it proposes in the version of the DMCS currently in effect.¹ These proposed revisions accompany this Notice as Attachment A.

Proposed Rate and Fee Schedules

In Attachment B to its Request, the Postal Service displays changes it proposes to the various rate and fee schedules currently in effect. Most of these proposed rate and fee changes correspond to the revisions the Postal Service proposes in the DMCS; however, some of the proposed changes would adjust rates or fees for current mail classifications on the basis of estimated cost changes or other rationales. These changes occur in rates for the Parcel Post subclass and the fee for the Pickup service available for Express Mail, Priority Mail, and Parcel Post. The Postal Service's requested changes in rates and fees accompany this Notice as Attachment B.

Intervention

Participation in Commission proceedings generally takes the form of either full intervention or limited participation. See sections 20 and 20a of the Commission rules of practice [39 CFR § 3001.20 and .20a]. For those wishing to express their views informally, without incurring the obligations that attach to the other two forms of participation, commenter status is available. See section 20b [39 CFR § 3001.20b]. Those wishing to be heard in this matter as either a full intervenor or limited participant are directed to file a written notice of intervention in conformance with section 20(b) or 20a(a), identifying the status they intend to assume and affirmatively stating how actively they expect to participate. In

¹ Proposed changes in the DMCS unrelated to the Postal Service's Request in this proceeding are pending in Commission Docket Nos. MC96-2, MC96-3, and MC97-1.

addition, intervenors are requested to provide a telephone number, facsimile number, and e-mail address, if available. [See proposed Special Rule 3A, *infra*.]

Notices of intervention should be sent to the attention of Margaret P. Crenshaw, Secretary of the Commission, 1333 H Street, NW, Suite 300, Washington, D.C. 20268-0001, and are to be filed on or before March 18, 1997. Commenter status does not require a notice of intervention.

Representation of the General Public

In conformance with section 3624(a) of title 39, the Commission designates W. Gail Willette, Director of the Office of the Consumer Advocate (OCA), to represent the interests of the general public in this proceeding. Pursuant to this designation, Ms. Willette will direct the activities of Commission personnel assigned to assist her and, when requested, will supply their names for the record. Neither Ms. Willette nor any of the assigned personnel will participate in or provide advice on any Commission decision in this proceeding.

Special Rules of Practice

The Commission proposes conducting this proceeding pursuant to the special rules of practice set forth in Attachment C. These rules reflect the special rules implemented in Docket Nos. MC96-2 and MC96-3, with two exceptions. The proposed special rules shorten the time for providing certain pleadings and answers to discovery from 14 days to 12 days, and eliminate provisions allowing for voluntary, alternative service of documents by electronic filing. In conducting its experiment with the electronic filing of case-related documents, the Commission observed a number of functional problems, some of which remain unresolved. Consequently, the Commission suspended the filing of documents by e-mail, effective February 4, 1997. See Secretary's Notice to Intervenors, February 4, 1997, appended hereto as Attachment D. However, participants who are capable of filing documents as word processing files stored on diskettes may avail themselves of an alternative method of filing them with the Commission, together with a reduced number of paper copies. See Special Rule of Practice 3.B.

Initial Prehearing Conference: Date, Location, and Agenda

The Commission will convene a prehearing conference at 2:00 p.m. on Thursday, March 20, 1997, in the Commission's hearing room at 1333 H Street, N.W., Suite 300, Washington,

D.C. The Commission asks that persons attending the conference be prepared to discuss procedural and scheduling matters pertinent to the Service's filing.

Participants are to file a notice of issues they would like to raise for consideration at the prehearing conference. Suggestions need not be limited to procedural matters, but may include substantive issues to the extent that considering them at this stage might expedite the proceeding. An agenda incorporating participants' suggestions will be distributed at the beginning of the prehearing conference.

Docket Room Operations

Documents may be filed with the Commission's docket section Monday through Friday between 8 a.m. and 5 p.m. Questions about docket room operations should be directed to Ms. Peggie Brown (at 202-789-6847) or Ms. Joyce Taylor (at 202-789-6846).

It is ordered:

1. The Commission will sit en banc in this proceeding.
2. Notices of intervention shall be filed no later than March 18, 1997.
3. A prehearing conference will be held Thursday, March 20, 1997 at 2:00 p.m. in the Commission's hearing room.
4. Participants are to file notices of issues they intend to raise at the prehearing conference by March 18, 1997.
5. Comments on the proposed special rules of practice set out in Attachment C should be filed by March 18, 1997.
6. W. Gail Willette, Director of the Commission's Office of the Consumer Advocate, is designated to represent the interest of the general public in this proceeding.
7. The Secretary shall cause this Notice and Order to be published in the Federal Register.

By the Commission.
Margaret P. Crenshaw,
Secretary.

Requested Changes in the Domestic Mail Classification Schedule

In this Request, the Postal Service asks the Commission to recommend certain changes in the Domestic Mail Classification Schedule (DMCS). Nonprofit Regular Standard Mail, Nonprofit Enhanced Carrier Route Standard Mail, Nonprofit Periodicals and Within County Periodicals, Docket No. MC96-2, as implemented by resolution of the Board of Governors adopted on August 5, 1996, effective October 6, 1996. SPECIAL RULES OF PRACTICE

1. Evidence

A. Case-in-chief. A participant's case-in-chief shall be in writing and shall include the participant's direct case and rebuttal, if any, to the United States Postal Service's case-in-chief. It may be accompanied by a trial brief or legal memoranda. There will be a stage providing an opportunity to rebut presentations of other participants and for the Postal Service to present surrebuttal evidence.

B. Exhibits. Exhibits should be self-explanatory. They should contain appropriate footnotes or narrative explaining the source of each item of information used and the methods employed in statistical compilations. The principal title of each exhibit should state what it contains or represents. The title may also contain a

statement of the purpose for which the exhibit is offered; however, this statement will not be considered part of the evidentiary record. Where one part of a multi-part exhibit is based on another part or on another exhibit, appropriate cross-references should be made. Relevant exposition should be included in the exhibits or provided in accompanying testimony.

C. Motions to Strike. Motions to strike are requests for extraordinary relief and are not substitutes for briefs or rebuttal evidence. All motions to strike testimony or exhibit materials are to be submitted in writing at least 14 days before the scheduled appearance of the witness. Responses to motions to strike are due within seven days.

D. Designation of Evidence from other Commission Dockets. Participants may request that evidence received in other Commission proceedings be entered into the record of this proceeding. These requests should be made by motion, should explain the purpose of the designation, and should identify material by page and line or paragraph number. Absent extraordinary justification, these requests must be made at least 28 days before the date for filing the participant's direct case. If requests for designations and counter-designations are granted, the moving participant must submit two copies of the approved material to the Secretary of the Commission for inclusion in the record.

Oppositions to motions for designation and/or requests for counter-designations shall be filed within 12 days.

2. Discovery

A. General. Sections 25, 26 and 27 of the rules of practice apply during the discovery stage of this proceeding except when specifically overtaken by these special rules. Questions from each participant should be numbered sequentially, by witness.

The discovery procedures set forth in the rules are not exclusive. Parties are encouraged to engage in informal discovery whenever possible to clarify exhibits and testimony. The results of these efforts may be introduced into the record by stipulation, by supplementary testimony or exhibit, by presenting selected written interrogatories and answers for adoption by a witness at the hearing, or by other appropriate means.

In the interest of reducing motion practice, parties also are encouraged to use informal means to clarify questions and to identify portions of discovery requests considered overbroad or burdensome.

B. Objections and Motions to Compel Responses to Discovery. Upon motion of any participant in the proceeding, the Commission or the presiding officer may compel an answer to an interrogatory or request for admissions if the objection is overruled. Motions to compel should be filed within 12 days of an objection to the discovery request.

Parties who have objected to interrogatories or requests for production of documents or items which are the subject of a motion to compel shall have seven days to answer. Answers will be considered supplements to the arguments presented in the initial objection.

C. Answers to Interrogatories. Answers to discovery are to be filed within 12 days of the service of the discovery request. Answers to discovery requests shall be prepared so that they can be incorporated as written cross-examination. Each answer shall begin on a separate page, identify the individual responding, the participant who asked the question, and the number and text of the question.

Participants are expected to serve supplemental answers to update or to correct responses whenever necessary, up until the date that answers are accepted into evidence as written cross-examination. Participants filing supplemental answers shall indicate whether the answer merely supplements the previous answer to make it current or whether it is a complete replacement for the previous answer.

Participants may submit responses with a declaration of accuracy from the respondent in lieu of a sworn affidavit.

D. Follow-up Interrogatories. Follow-up interrogatories to clarify or elaborate on the answer to an earlier discovery request may be filed after the initial discovery period ends. They must be served within seven days of receipt of the answer to the previous interrogatory unless extraordinary circumstances are shown.

E. Discovery to Obtain Information Available Only from the Postal Service. Sections 25 through 27 of the rules of practice allow discovery reasonably calculated to lead to admissible evidence during a noticed proceeding with no time limitations. Generally, through actions by the presiding officer, discovery against a participant is scheduled to end prior to the receipt into evidence of that participant's direct case. An exception to this procedure shall operate when a participant needs to obtain information (such as operating procedures or data) available only from the Postal Service. Discovery requests of this nature are permissible up to 20 days

prior to the filing date for final rebuttal testimony.

3. Service

A. Receipt of Documents. The Service List shall contain the name and address of up to two individuals entitled to receive copies of documents for each participant. If possible that entry will also include a telephone number and facsimile number.

B. Service of Documents. Documents shall be filed with the Commission and served upon parties in accordance with sections 9 through 12 of the Commission's rules of practice. As provided in the Secretary's Notice to Intervenors, issued February 4, 1997, participants capable of submitting documents stored on computer diskettes may use an alternative procedure for filing documents with the Commission. Provided that the stored document is a file generated in either Word Perfect 5.1 or any version of Microsoft Word, and is formatted in Arial 12 font, in lieu of the requirements of section 10 of the rules, a participant may submit a diskette containing the text of each filing simultaneously with the filing of 1 (one) printed original and 3 (three) hard copies.

C. Exceptions to general service requirements for certain documents. Designations of written cross-examination, notices of intent to conduct oral cross-examination, and notices of intent to participate in oral argument need to be served only on the Commission, the OCA, the Postal Service, and the complementary party (as applicable), as well as on participants filing a special request for service.

Discovery requests, objections and answers thereto need to be served on the Commission, the OCA, on the complementary party, and on any other participant so requesting, as provided in sections 25-27 of the rules of practice. Special requests relating to discovery must be served individually upon the party conducting discovery and state the witness who is the subject of the special request.

D. Document titles. Parties should include titles that effectively describe the basic content of any filed documents. Where applicable, titles should identify the issue addressed and the relief requested. Transmittal documents should identify the answers or other materials being provided.

4. Cross-examination

A. Written cross-examination. Written cross-examination will be utilized as a substitute for oral cross-examination whenever possible, particularly to introduce factual or statistical evidence.

Designations of written cross-examination should be served no later than three working days before the scheduled appearance of a witness. Designations shall identify every item to be offered as evidence, listing the participant who initially posed the discovery request, the witness and/or party to whom the question was addressed (if different from the witness answering), the number of the request and, if more than one answer is provided, the dates of all answers to be included in the record. (For example, "OCA-T1-17 to USPS witness Jones, answered by USPS witness Smith (March 1, 1997) as updated (March 21, 1997).") When a participant designates written cross-examination, two copies of the documents to be included shall simultaneously be submitted to the Secretary of the Commission.

The Secretary of the Commission shall prepare for the record a packet containing all materials designated for written cross-examination in a format that facilitates review by the witness and counsel. The witness will verify the answers and materials in the packet, and they will be entered into the transcript by the presiding officer. Counsel for a witness may object to written cross-examination at that time, and any designated answers or materials ruled objectionable will be stricken from the record.

B. Oral cross-examination. Oral cross-examination will be permitted for clarifying written cross-examination and for testing assumptions, conclusions or other opinion evidence. Requests for permission to conduct oral cross-examination should be served three or more working days before the announced appearance of a witness and should include (1) specific references to the subject matter to be examined and (2) page references to the relevant direct testimony and exhibits.

Participants intending to use complex numerical hypotheticals or to question using intricate or extensive cross-references, shall provide adequately documented cross-examination exhibits for the record. Copies of these exhibits should be provided to counsel for the witness at least two calendar days (including one working day) before the witness's scheduled appearance.

5. General

Argument will not be received in evidence. It is the province of the lawyer, not the witness. It should be presented in brief or memoranda. Legal memoranda on matters at issue will be welcome at any stage of the proceeding.

New affirmative matter (not in reply to another party's direct case) should

not be included in rebuttal testimony or exhibits.

Cross-examination will be limited to testimony adverse to the participant conducting the cross-examination.

Library references may be submitted when documentation or materials are too voluminous reasonably to be distributed. Each party should sequentially number items submitted as library references and provide each item with an informative title. Parties are to file and serve a separate Notice of Filing of Library Reference(s). Library material is not evidence unless and until it is designated and sponsored by a witness.

NOTICE TO INTERVENORS

Beginning with MC96-2, the Postal Rate Commission embarked on an effort to experiment with the electronic filing of case-related documents. A substantial number of intervenors participated in the experiment with varying results. Some had transmission problems, some had computer hardware problems, and some had compatibility and corrupt file problems. While the Commission was able to solve or resolve most of these problems, some of them still remain. In addition, the recent overload on the Internet has made e-mail transmissions unreliable. Thus, the Commission has decided that as of today, Tuesday, February 4, 1997, it will suspend the filing of documents by e-mail.

The Commission, however, hopes to continue electronic communication and is studying new technologies in the hope that electronic communication between the Commission and intervenors will become a workable reality in the near future. Pursuant to these efforts, the Commission is adopting as a standard type font Arial 12, which is the most compatible with the Commission's current and future electronic needs.

Therefore, with respect to filings in docketed cases, parties now are advised to proceed as follows:

1. Consistent with past practices, parties choosing hard copy filing should send 1 (one) original and 24 (twenty-four) hard copies of each filing to the Commission's docket room.

2. For those with the capacity to use diskettes, diskettes will continue to be accepted at the Commission so long as the copy is typed in Arial 12 and copied in either Word Perfect 5.1 or any version of Word. If sending a diskette, the party need file only 1 (one) original and 3 (three) hard copies with the Commission. In addition, all material sent by diskette in the required format will be placed on the Commission's Home Page (www.prc.gov).

3. All documents filed by the Commission and the Office of Consumer Advocate will be served in hard copy and be placed on the Commission's Home Page. The Commission's Daily Listing of Documents Received will also be placed on the Home Page. Documents of excessive length will be zipped and downloading instructions will be included with such files.

4. For those having questions about electronic operations, the Commission's computer administrator, Brenda Lamka, can be reached at 202-789-6873.

Margaret P. Crenshaw,

Secretary.
