SUPPLEMENTARY INFORMATION: The FAA published this direct final rule with a

request for comments in the Federal Register on January 6, 1997 (62 FR 607). The FAA uses the direct final rulemaking procedure for a non-controversial rule where the FAA believes that there will be no adverse public comment. This direct final rule advised the public that no adverse comments were anticipated, and that unless a written adverse comment, or a written notice of intent to submit such an adverse comment, was received within the comment period, the regulation would become effective on March 27, 1997. No adverse comments were received, and thus this notice confirms that this final rule will become effective on that date.

BILLING CODE 4910-13-M

14 CFR Part 71

[Airspace Docket No. 97-ASO-3]

Amendment to Class E Airspace; Mayport NS Mayport, FL

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment modifies the Class E4 airspace description at Mayport NS Mayport, FL, to reflect the part time status of the Class E4 airspace. The control tower is not open continuously at Mayport NAS. Therefore, a reference to effective days and times in the airspace description is necessary to reflect the part time status of the airspace. The effective days and times will be continuously published in the Airport/Facility Directory.

EFFECTIVE DATE: 0901 UTC, May 22, 1997.

FOR FURTHER INFORMATION CONTACT: Benny L. McGlamery, Operations Branch, Air Traffic Division, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305-5570.

SUPPLEMENTARY INFORMATION:

History

The control tower at Mayport NAS, FL, is not open continuously. The Class D airspace description for Mayport NS Mayport, FL, reflects the part time status of the Class D airspace. Since the Class E4 airspace is an extension to the Class D airspace, the status of the class E4 airspace is the same as the Class D airspace. Therefore, a reference to days

and times must be added to the Class E4 airspace description to reflect its status as part time. The effective days and times will be continuously published in the Airport/Facility Directory. This action will have a positive impact on the users of the airspace in the vicinity of Mayport NAS by accurately reflecting the part time status of the airspace. This rule will become effective on the date specified in the **DATES** section. Since this action makes a technical amendment to the Class E4 airspace, which has a positive impact on users of the airspace in the vicinity of the airport, notice and public procedure under 5 U.S.C. 553(b) are unnecessary.

The Rule

This amendment to Part 71 of the Federal Aviation Regulations (14 CFR part 71) modifies the Class E4 airspace description at Mayport NS Mayport, FL, to reflect the part time status of the Class E4 airspace. The effective days and times will be continuously published in the Airport/Facility Directory.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.
