

*Total Annual Burden:* 15,593 hours.

*Needs and Uses:* Title IV of the Americans with Disabilities Act of 1990 (ADA) requires the Commission to ensure that telecommunications relay services are available, to the extent possible, to individuals with hearing and speech disabilities in the United States. To fulfill this mandate, the Commission adopted rules that require the provision of TRS service beginning July 26, 1993. The Commission set minimum standards for TRS providers and established a shared-funding mechanism (TRS Fund) for recovering the costs of providing interstate TRS. The Commission also appointed the National Exchange Carrier Association (NECA) the TRS Fund administrator, and directed NECA to establish a non-paid, voluntary advisory committee to monitor cost recovery matters.

The Commission's rules require all carriers providing interstate telecommunications services to contribute to the TRS Fund. The amount contributed is the product of the carrier's gross interstate revenues for the previous year and a contribution factor determined annually by the Commission. Contributions are calculated in accordance with a TRS Fund Worksheet which is prepared each year by the Commission and published in the Federal Register. Payments from the fund are made to eligible TRS providers and are designed to cover the reasonable costs incurred in providing interstate TRS service. See 47 CFR Sections 64.601.64.608 for rules and requirements governing telecommunications relay services.

This form is required by the Communications Act, International Treaties and FCC Rules 47 CFR Parts 1.922, and 1.925, 90.119, 90.159, 90.437 and 90.657.

*Title:* Application for Restricted Radiotelephone Operator Permit—Limited Use.

*Form No.:* FCC 755.

*Type of Review:* Revision of a currently approved collection.

*Respondents:* Individuals.

*Number of Respondents:* 1,000.

*Estimated Time Per Response:* 20 minutes (.33).

*Total Annual Burden:* 330 hours.

*Needs and Uses:* In accordance with the Communications Act, applicants must possess certain qualifications in order to qualify for a radio operator license. The data will be used to identify the individuals to whom the license is issued and to confirm that the individual possesses the required qualifications for the license. Applicants using this form are not eligible for employment in the United States but need an operator permit because they hold an Aircraft Pilot Certificate which is valid in the U.S. and need to operate aircraft radio stations; or they hold an FCC radio station license and will use the permit for operation of that particular station.

The number of respondents has been increased from 800 to 1,000, attributed to a re-evaluation of receipts. The form is being revised to add a space for the applicant to provide an Internet address. This will provide an additional option of reaching the applicant should the FCC have any questions concerning the application. The drug certification is being incorporated into the certification text prior to applicant signature and the requirement to check a "yes/no" block eliminated. The request for applicant's mailing address "state" is being changed to "state/country" to accommodate foreign mailing addresses. The Commission will redact the applicant birthdate from information available for public view.

Federal Communications Commission.
