

14 CFR Part 71

[Airspace Docket No. 97-AAL-2]

**Amendment to Class E Airspace;
Buckland, AK**AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule, correction.

SUMMARY: This action corrects the effective date and an error in the geographic coordinates of a final rule that was published in the Federal Register on January 6, 1997 (62 FR 608), Airspace Docket 96-AAL-32.

EFFECTIVE DATE: 0901 UTC, March 27, 1997.

FOR FURTHER INFORMATION CONTACT:

Robert van Haastert, System Management Branch, AAL-538, Federal Aviation Administration, 222 West 7th Avenue, Box 14, Anchorage, AK 99513-7587; telephone number: (907) 271-5863; e-mail: Robert.van.Haastert@faa.dot.gov.

SUPPLEMENTARY INFORMATION:

History

Federal Register Document 97-175, Airspace Docket 96-AAL-32, published on January 6, 1997, (62 FR 608), revised the Class E airspace area at Buckland, AK. The effective date for Airspace Docket 96-AAL-32 and the geographic coordinates for AKUDY are in error. This action corrects these errors.

Correction to Final Rule

Accordingly, pursuant to the authority delegated to me, the effective date for the Airspace Docket 96-AAL-32 and the geographic coordinates listed for AKUDY as published in the Federal Register on January 6, 1997 (62 FR 608), (Federal Register Document 97-175, page 608), is corrected as follows:

* * * * *

EFFECTIVE DATE: 0901 UTC, March 27, 1997.

* * * * *

§ 71.1 [Corrected]

* * * * *

AAL AK E5 Buckland, AK [Corrected]

By removing "(lat. 66°04'23" N, long. 161°30'08" W)" and substituting "(lat. 66°04'23" N, long. 161°30'09" W)."

* * * * *

Issued in Anchorage, AK on February 25, 1997.

Willis C. Nelson,

Manager, Air Traffic Division, Alaskan Region.

RIN 2120-AA65

**Standard Instrument Approach
Procedures; Miscellaneous
Amendments**AGENCY: Federal Aviation
Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This amendment establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) for operations at certain airports. These regulatory actions are needed because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, addition of new obstacles, or changes in air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: An effective date for each SIAP is specified in the amendatory provisions.

Incorporation by reference approved by the Director of the Federal Register on December 31, 1980, and reapproved as of January 1, 1982.

ADDRESSES: Availability of matter incorporated by reference in the amendment is as follows:

For Examination—

1. FAA Rules Docket, FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591;

2. The FAA Regional Office of the region in which affected airport is located; or

3. The Flight Inspection Area Office which originated the SIAP.

*For Purchase—*Individual SIAP copies may be obtained from:

1. FAA Public Inquiry Center (APA-200), FAA Headquarters Building, 800 Independence Avenue, SW., Washington, DC 20591; or

2. The FAA Regional Office of the region in which the affected airport is located.

*By Subscription—*Copies of all SIAPs, mailed once every 2 weeks, are for sale by the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

FOR FURTHER INFORMATION CONTACT:

Paul J. Best, Flight Procedures Standards Branch (AFS-420), Technical Programs Division, Flight Standards Service, Federal Aviation Administration, 800 Independence

Avenue, SW., Washington, DC 20591; telephone (202) 267-8277.

SUPPLEMENTARY INFORMATION: This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs). The complete regulatory description on each SIAP is contained in the appropriate FAA Form 8260 and the National Flight Data Center (FDC)/Permanent (P) Notices to Airmen (NOTAM) which are incorporated by reference in the amendment under 5 U.S.C. 552(a), 1 CFR part 51, and § 97.20 of the Federal Aviation Regulations (FAR). Materials incorporated by reference are available for examination or purchase as stated above.

The large number of SIAPs, their complex nature, and the need for a special format make their verbatim publication in the Federal Register expensive and impractical. Further, airmen do not use the regulatory text of the SIAPs, but refer to their graphic depiction of charts printed by publishers of aeronautical materials. Thus, the advantages of incorporation by reference are realized and publication of the complete description of each SIAP contained in FAA form documents is unnecessary. The provisions of this amendment state the affected CFR (and FAR) sections, with the types and effective dates of the SIAPs. This amendment also identifies the airport, its location, the procedure identification and the amendment number.

The Rule

This amendment to part 97 of the Federal Aviation Regulations (14 CFR part 97) establishes, amends, suspends, or revokes SIAPs. For safety and timeliness of change considerations, this amendment incorporates only specific changes contained in the content of the following FDC/P NOTAM for each SIAP. The SIAP information in some previously designated FDC/Temporary (FDC/T) NOTAMs is of such duration as to be permanent. With conversion to FDC/P NOTAMs, the respective FDC/T NOTAMs have been cancelled.

The FDC/P NOTAMs for the SIAPs contained in this amendment are based on the criteria contained in the U.S. Standard for Terminal Instrument Approach Procedures (TERPS). In developing these chart changes to SIAPs by FDC/P NOTAMs, the TERPS criteria were applied to only these specific conditions existing at the affected airports. All SIAP amendments in this rule have been previously issued by the FAA in a National Flight Data Center
