[FERC-544]

Proposed Information Collection and Request for Comments

February 28, 1997.

AGENCY: Federal Energy Regulatory Commission.

ACTION: Notice of proposed information collection and request for comments.

SUMMARY: In compliance with the requirements of Section 3506(c)(2)(a) of the Paperwork Reduction Act of 1995 (Pub. L. No. 104-13), the Federal Energy Regulatory Commission (Commission) is soliciting public comment on the specific aspects of the information collection described below.

DATES: Consideration will be given to comments submitted within 60 days of the publication of this notice.

ADDRESSES: Copies of the proposed collection of information can be obtained from and written comments may be submitted to the Federal Energy Regulatory Commission, Attn: Michael P. Miller, Information Services Division, ED-12.4, 888 First Street NE., Washington, DC 20426.

FOR FURTHER INFORMATION CONTACT: Michael P. Miller may be reached by telephone at (202) 208-1415, by fax at (202) 273-0873, and by e-mail at mmiller@ferc.fed.us.

SUPPLEMENTARY INFORMATION: The information collected under the requirements of FERC-544 "Gas Pipeline Rates: Rate Change (Formal)"

OMB No. 1902-0153) is used by the Commission to implement the statutory provisions of the Sections 4, 5, and 16 of the Natural Gas Act (NGA) (15 U.S.C. 717-717w). Under FERC-544 the Commission investigates the rates charged by natural gas pipeline companies subject to its jurisdiction. If, after its investigation, the Commission is of the opinion that the rates are "unjust or unreasonable or unjustly discriminatory or unduly preferential," it is authorized to determine and prescribe just and reasonable rates.

Formal rate change filings (FERC-544) are suspended and set for hearing. When the Section 4(e) filing is suspended, the rate becomes the subject of a hearing process and may go into effect subject to refund with interest. All suspended filings that go through the hearing process are considered formal cases and an investigation is instituted to determine the reasonableness of the rate filing. If the rates and charges are deemed unjust, unreasonable or unduly discriminatory, the appropriate rate, charge or service condition is ascertained by the Commission and a final order issued.

Action: The Commission is requesting a three-year extension of the current expiration date, with no changes to the existing collection of data.

Burden Statement: Public reporting burden for this collection is estimated as:

Number of respondents annually	Number of responses per respondent	Average burden hours per response	Total annual burden hours
(1)	(2)	(3)	(1)×(2)×(3)
25	1.0	4,582.5	114,563

The estimated total cost to respondents is \$5,728,150, (114,563 hours divided by 2,087 hours per year per employee times \$104,350 per year per average employee=\$5,728,150). The cost per respondent is \$229,125.

The reporting burden includes the total time, effort, or financial resources expended to generate, maintain, retain, disclose, or provide the information including: (1) Reviewing instructions; (2) developing, acquiring, installing, and utilizing technology and systems for the purposes of collecting, validating, verifying, processing, maintaining,

disclosing and providing information; (3) adjusting the existing ways to comply with any previously applicable instructions and requirements; (4) training personnel to respond to a collection of information; (5) searching data sources; (6) completing and reviewing the collection of information; and (7) transmitting, or otherwise disclosing the information.

The estimate of cost for respondents is based upon salaries for professional and clerical support, as well as direct and indirect overhead costs. Direct costs include all costs directly attributable to

providing this information, such as administrative costs and the cost for information technology. Indirect or overhead costs are costs incurred by an organization in support of its mission. These costs apply to activities which benefit the whole organization rather than any one particular function or activity.

Comments are invited on: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of
