

five motor passenger carriers: American Sightseeing Tours, Inc. d/b/a ASTI (MC-252353); California Charters, Inc. (MC-241211); Texas Bus Lines, Inc. (MC-37640); Gulf Coast Transportation, Inc. d/b/a Gray Line Tours of Houston (MC-201397); and K-T Contract Services, Inc. (MC-218583).³ Petitioner asserts that there is little competition, and no significant overlap in operations, among the 15 carriers it now controls and the four it seeks to control. It acknowledges that there is some overlap in service but states that this overlap will have no meaningful effect on the continued availability of competitive transportation.

Following the acquisition of control, Coach indicates that each of the four carriers will continue to operate in its respective market, under its own name and in the same basic manner as before. Coach claims that improved service at lower costs will result, because of the coordination of functions, centralized management, financial support, rationalization of resources, and economies of scale that are anticipated from the common control. Coach also states that all collective bargaining agreements will be honored, that employee benefits will improve, and that no change in management personnel is planned. Additional information may be obtained from petitioner's representatives.
